Bart Croxford, Utility Analyst

**Re: Application of Broadweave Networks of Utah, LLC for a certificate authorizing it to provide local exchange services in Docket No. 03-2410-01**

On July 10, 2003, Broadweave Networks of Utah, LLC ("Broadweave") applied for a certificate authorizing it to provide local exchange services in Docket No. 03-2410-01. During its review, the Division determined that the organization was identical to that of Fiber Mountain, LLC ("Fiber Mountain"), who applied for its certificate on May 6, 2003 in Docket No. 03-2406-01 but withdrew it on July 9, 2003.

The Division discussed the matter with the attorney for Broadweave and learned that it filed a new application because Fiber Mountain changed its name to Broadweave and the new application includes answers to data requests sent by the Division to Fiber Mountain.

The Division continues to review the new application and will provide comments and recommendations in its response to Broadweave's application.
