Re: Docket No. 04-049-145 – Joint Disputed Issues List

Dear Julie:

Enclosed with this letter is the Joint Disputed Issues List in this docket that Qwest Corporation and Union Telephone Company d/b/a Union Cellular are required by the Ninth Scheduling Order in this docket to file today.

Although the disputed issues list is 48 pages long, Qwest and Union have agreed to review the list when the written decision of the Colorado Public Utilities Commission in the arbitration between Qwest and Union of a substantially identical interconnection agreement in Colorado is available and will inform the Commission and the Division of Public Utilities if any of the disputed issues may be resolved without hearing based on that decision. The Colorado Commission announced its decision at its open meeting on September 26, 2007, and it is anticipated that the written decision will be available soon.

Sincerely,

Gregory B. Monson

Attorney for Qwest Corporation
