Proposed Effective Date: January 3, 2006
Document Number: PROS.10.19.05.F.03380.ExpeditesEscalationsV30
Notification Category: Process Notification
Target Audience: CLECs, Resellers
Subject: CMP - Expedites and Escalations V30
Level of Change: Level 3

Summary of Change:

On October 19, 2005, Qwest will post planned updates to its Wholesale Product Catalog that include new/revised documentation for Expedites and Escalations V30. These will be posted to the Qwest Wholesale Document Review Site located at <http://www.qwest.com/wholesale/cmp/review.html>.

Qwest is changing its Expedite process to require an expedite amendment to be signed for expedited requests that involve products that follow the designed services flow in order to bring parity across its entire customer base. Qwest recognizes that time is required for some customers to get amendments signed and is therefore extending the implementation of the Level 3 process change beyond the allotted 45 day time frame.

Current operational documentation for this product or business procedure is found on the Qwest Wholesale Web Site at this URL: <http://www.qwest.com/wholesale/clecs/exesclover.html>.

Comment Cycle:

CLEC customers are encouraged to review these proposed changes and provide comment at any time during the 15-day comment review period. Qwest will have up to 15 days following the close of the comment review to respond to any CLEC comments. This response will be included as part of the final notification. Qwest will not implement the change sooner than 15 days following the final notification.

Qwest provides an electronic means for CLEC customers to comment on proposed changes. The Document Review Web Site provides a list of all documents that are in the review stage, the process for CLECs to use to comment on documents, the submit comment link, and links to current documentation and past review documents.
