In the Matter of the Qwest Corporation)
Petition for Commission Approval of 2008) DOCKET NO. 08-049-29
Additions to Non-Impaired Wire Center List) ORDER LIFTING STAYING IMPOSED
) BY AUGUST 18, 2008, ORDER
)

ISSUED: September 29, 2008

By The Commission:

On August 11, 2008, we issued a Report and Order approving the designation of Qwest Corporation's (Qwest) Draper Utah wire center as a Tier 2 wire center. By memorandum, dated July 30, 2008, the Division of Public Utilities had recommended approval of the petition. On August 11, 2008, Integra Telecom of Utah, Inc., and XO Communications Services, Inc., filed a letter objection to the designation, followed by an August 13, 2008, Motion to Vacate or Alternatively Review or Rehearing of Report and Order. They indicated they had not completed their review of the supporting information. By order dated August 18, 2008, we entered a stay of the August 11, 2008, Order, to allow Integra Telecom and XO Communications Services time to complete their review. In September 23, 2008, dated correspondence, Integra Telecom and XO Communications Services report they have completed their review of the line count and concur with the Tier 2 Wire Center designation for the Draper Wire Center. They request, however, that the designation be effective on the day of an order lifting the stay, rather than the August 11, 2008, date of the original order designating the wire center. This requested delay was preemptively opposed by Qwest in an August 19, 2008, response. We agree with the substance of Qwest's argument that the effective date should not be delayed because of the additional time taken by Integra Telecom and XO Communications Services to complete their review.

DOCKET NO. 08-049-29

-2-

Wherefore, we enter this ORDER lifting the stay imposed by our August 18, 2008, Order. Qwest's Draper Utah Wire Center is designated a Tier 2 wire center and the designation is effective August 11, 2008.

DATED at Salt Lake City, Utah, this 29th day of September, 2008.
