ISSUED: August 18, 2008

By The Commission:

On August 11, 2008, we issued a Report and Order approving the designation of Qwest Corporation's (Qwest) Draper Utah wire center as a Tier 2 wire center. We based our decision on the recommendation of the Division of Public Utilities, which had reviewed Qwest's supporting information and, by Memorandum dated July 30, 2008, recommended approval of the petition. At the time, it appeared there was no opposition to the designation as no opposing comments or pleadings had been submitted. We, erroneously, believed that all interested parties had had opportunity, as the Division, to review the supporting material.

On August 11, 2008, Integra Telecom of Utah, Inc., and XO Communications Services, Inc., filed a letter objection to the designation, followed by an August 13, 2008, Motion to Vacate or Alternatively Review or Rehearing of Report and Order. They indicate that have not had opportunity to adequately complete their review of the supporting information. They state they believe what appear to be inconsistencies, in their view of the wire count data, likely will be resolved, as in past proceedings, but ask for additional time to reach that conclusion.

Based on the foregoing, we enter this order granting review and staying our August 11, 2008, Report and Order. We do this to provide Intergra Telecom of Utah and XO

DOCKET NO. 08-049-29

-2-

Communications Services additional time to complete their review and reach agreement with Qwest on the line counts for the Draper wire center. We will direct Intergra Telecom of Utah and XO Communications Services to provide the Commission with notice once they have completed their review and inform us whether they object to the requested wire center designation.

Wherefore, it is hereby ORDERED:

1. We grant review of our August 11, 2008, Report and Order.
2. We stay the August 11, 2008, Report and Order until future order of this Commission.
3. We direct Intergra Telecom of Utah and XO Communications Services to give us notice of when they have completed their review and whether they object to the requested designation.

Approved and Confirmed this 11th day of August, 2008, as the Report and Order of the Public Service Commission of Utah.

DATED at Salt Lake City, Utah, this 18<sup>th</sup> day of August, 2008.
