Re: Docket No. 08-049-29; Qwest Petition for Approval of 2008 Addition to Non-Impaired Wire Center List

Dear Ms. Orchard:

Integra Telecom of Utah, Inc., and XO Communications Services, Inc. (collectively "CLECs"), hereby notify the Commission that they object to Qwest's proposed addition of the Draper wire center to the list of non-impaired wire centers. The basis for this objection is that the CLECs have been unable to independently verify the line counts on which Qwest based its designation of this wire center. The CLECs, however, intend to work with Qwest as they did in the 2007 wire center docket to jointly verify the data, and they will inform the Commission promptly if they are able to do so.

Please contact me if you have any questions about this objection or the CLECs' position.

Very truly yours,

Davis Wright Tremaine LLP
