Change of Billing Address?
Please indicate changes on
the back of the remittance.

Eschelon offers free online billing to all customers! Eschelon's E-Billing is a free online billing and analysis tool designed to help you manage your telecommunications services more efficiently. This powerful analysis tool will help you quickly allocate costs, monitor employee use, forecast future spending and even pay your bill online. To enroll in E-Billing, please go to www.eschelon.com. Click on the "Visit Customer Central" link and then select Login to E-Billing from the menu bar on the right.

Are you moving? Please contact us at least 30 days in advance to schedule the move of your Eschelon services. This will allow us ample time to process your move order and ensure a smooth transition. We appreciate your assistance in giving us timely notice as this will help to avoid interruptions in your telephone service.

We appreciate your referrals! If you think another business could benefit from our telecommunications services, please go to www.eschelon.com and complete the Eschelon Referral Program form or call 1-866-ESCHELON and let us know. If a business you refer to us becomes an Eschelon customer, you'll receive a \$50 credit on your next Eschelon bill!

State of Utah Telephone Taxes and Surcharges

Taxes

Federal Excise Tax (FET): The Federal Excise Tax is remitted to the Federal Government General Revenue Fund. This tax is assessed as a percentage on all local and long distance services, including some surcharges.

State Sales Tax: Utah State Sales Tax is assessed as a percentage. A local tax that is assessed as a percentage may also apply.

Local Sales Tax: City-level sales tax may apply. City-level sales tax rates vary depending upon the jurisdiction.

Surcharges

E911 Surcharge: This is a surcharge that funds the 911 emergency service in the county or city that a customer lives.

Federal USF (Universal Service Fund): Under the direction of the FCC, the Universal Service Administrative Company (USAC) administers the Universal Service Fund (USF). The USF supports telecommunications services in high-cost areas, for low-income subscribers, rural health care providers and schools and libraries. The Federal USF is assessed as a percentage on all Interstate Long Distance, International Long Distance, Private Lines and end-user Access Charges (IAC, LNP and PICC).

Carrier Cost Recovery: This charge is assessed as a percentage on all interstate and international long distance, private line and end-user access charges (IAC, LNP and PICC). Eschelon assesses this charge to recover regulatory expenses it incurs as a provider of the aforementioned services.

State Universal Service Fund (USF): This charge is assessed as a percentage on all intrastate Local Service Charges, Local Usage Charges, Intrastate Long Distance, Call Accounting Code Fees, Voice Messaging Services, and Customized Services Billed. The purpose of the State USF is to ensure that basic telephone service is available at reasonable and affordable rates.

State Telecommunications Relay Service Surcharge: This is a state specific surcharge that funds telecommunications access to low-income, hearing and/or speech impaired customers. This surcharge is assessed at a flat rate per line.

Telecom Relay Service (TRS): All carriers providing interstate telecommunications must support the TRS. The TRS enables phone conversation between people with speech/hearing impairments and those without. Users of TRS call a Relay Service using a special text phone (TTY). The Relay Service will read aloud the text to the voice phone and transcribe voice back to text for the TTY user. The Federal TRS surcharge is assessed as a percentage on Interstate Access and Toll Charges and is passed on to the end user.

Line Number Portability (LNP): The LNP surcharge is used to offset the cost of providing businesses the ability to keep the same phone number if a customer switches phone companies. The charge can only be assessed by phone companies that have the ability to provide number portability. The LNP surcharge is assessed as a flat rate per line. FET, Federal TRS, Federal USF, State taxes and Carrier Cost Recovery fees are applied to this surcharge.

Pre-subscribed Interexchange Carrier Charge (PICC): This is a charge long-distance customers pay for use of the local network to complete long distance calls. The PICC is assessed at a flat rate for multi-line business customers. FET, Federal TRS, Federal USF and Carrier Cost Recovery fees are applied against these charges.

Interstate Access Charge (IAC): A/k/a EUCL, FAC. The Interstate Access Charge is a charge to defray the costs of local phone companies for maintenance and upkeep to the interstate telecommunications network so you have the ability to access and receive interstate long distance calls. This is not a charge for making long-distance calls. This charge is assessed at separate flat rates for single and multi-line customers. FET, Federal TRS, Federal USF and Carrier Cost Recovery fees are applied against these charges.

Local License Fee: Most major cities in Utah impose a franchise fee on telecommunication companies. This is similar to the Municipal Energy Tax that might be shown on your electric bill. This fee is applied to the cost of connecting to the telecommunications network only (Basic Services).

Poison Control: This surcharge is similar to the E911 surcharge and is assessed at a flat rate per line. It is imposed on each local exchange switched access line to help fund the Utah Poison Control Center.

Lifeline Assistance: This surcharge is assessed at a flat rate per non-lifeline access line to fund Lifeline services.

Additional Information About Your Bill

Payment received. Thank you for your prompt payment!

Eschelon strongly supports the billing display requirements of the Federal Communications Commission Truth in Billing Rules. If there is any information presented on this bill about which you have questions or if you would like a further description of charges, please call (866) 372-4356.

If you believe that you have been billed in error or otherwise dispute a charge, you must notify Eschelon within 90 days of the date of the invoice containing the disputed charge or the dispute is waived and will not result in a credit. Eschelon will promptly investigate and notify you of the results of its investigation.

Eschelon is excited to announce our new reservation-less Conference Calling product: **Conference Connect!** At a moment's notice, you can conduct an audio conference call for up to 125 participants by dialing the moderator's toll-free number and entering your unique conference ID and PIN. Please call 1-866-ESCHELON or visit our website at www.eschelon.com to learn more about this great product.

Eschelon offers free online billing to all customers! Eschelon's E-Billing is a free online billing and analysis tool designed to help you manage your telecommunications services more efficiently. This powerful analysis tool will help you quickly allocate costs, monitor employee use, forecast future spending and even pay your bill online. To enroll in E-Billing, please go to www.eschelon.com. Click on the "Visit Customer Central" link and then select Login to E-Billing from the menu bar on the right.

We appreciate your referrals! If you think another business could benefit from our telecommunications services, please go to www.eschelon.com and complete the Eschelon Referral Program form or call 1-866-ESCHELON and let us know. If a business you refer to us becomes an Eschelon customer, you'll receive a \$50 credit on your next Eschelon bill!

State of Utah Telephone Taxes and Surcharges

Taxes

Federal Excise Tax (FET): The Federal Excise Tax is remitted to the Federal Government General Revenue Fund. This tax is assessed as a percentage on all local and long distance services, including some surcharges.

State Sales Tax: Utah State Sales Tax is assessed as a percentage. A local tax that is assessed as a percentage may also apply.

Local Sales Tax: City-level sales tax may apply. City-level sales tax rates vary depending upon the jurisdiction.

Surcharges

E911 Surcharge: This is a surcharge that funds the 911 emergency service in the county or city that a customer lives.

Federal USF (Universal Service Fund): Under the direction of the FCC, the Universal Service Administrative Company (USAC) administers the Universal Service Fund (USF). The USF supports telecommunications services in high-cost areas, for low-income subscribers, rural health care providers and schools and libraries. The Federal USF is assessed as a percentage on all Interstate Long Distance, International Long Distance, Private Lines and end-user Access Charges (IAC, LNP and PICC).

Carrier Cost Recovery: This charge is assessed as a percentage on all interstate and international long distance, private line and end-user access charges (IAC, LNP and PICC). Eschelon assesses this charge to recover regulatory expenses it incurs as a provider of the aforementioned services.

State Universal Service Fund (USF): This charge is assessed as a percentage on all intrastate Local Service Charges, Local Usage Charges, Intrastate Long Distance, Call Accounting Code Fees, Voice Messaging Services, and Customized Services Billed. The purpose of the State USF is to ensure that basic telephone service is available at reasonable and affordable rates.

State Telecommunications Relay Service Surcharge: This is a state specific surcharge that funds telecommunications access to low-income, hearing and/or speech impaired customers. This surcharge is assessed at a flat rate per line.

Telecom Relay Service (TRS): All carriers providing interstate telecommunications must support the TRS. The TRS enables phone conversation between people with speech/hearing impairments and those without. Users of TRS call a Relay Service using a special text phone (TTY). The Relay Service will read aloud the text to the voice phone and transcribe voice back to text for the TTY user. The Federal TRS surcharge is assessed as a percentage on Interstate Access and Toll Charges and is passed on-to the end user.

Line Number Portability (LNP): The LNP surcharge is used to offset the cost of providing businesses the ability to keep the same phone number if a customer switches phone companies. The charge can only be assessed by phone companies that have the ability to provide number portability. The LNP surcharge is assessed as a flat rate per line. FET, Federal TRS, Federal USF, State taxes and Carrier Cost Recovery fees are applied to this surcharge.

Pre-subscribed Interexchange Carrier Charge (PICC): This is a charge long-distance customers pay for use of the local network to complete long distance calls. The PICC is assessed at a flat rate for multi-line business customers. FET, Federal TRS, Federal USF and Carrier Cost Recovery fees are applied against these charges.

Interstate Access Charge (IAC): A/k/a EUCL, FAC. The Interstate Access Charge is a charge to defray the costs of local phone companies for maintenance and upkeep to the interstate telecommunications network so you have the ability to access and receive interstate long distance calls. This is not a charge for making long-distance calls. This charge is assessed at separate flat rates for single and multi-line customers. FET, Federal TRS, Federal USF and Carrier Cost Recovery fees are applied against these charges.

Local License Fee: Most major cities in Utah impose a franchise fee on telecommunication companies. This is similar to the Municipal Energy Tax that might be shown on your electric bill. This fee is applied to the cost of connecting to the telecommunications network only (Basic Services).

Poison Control: This surcharge is similar to the E911 surcharge and is assessed at a flat rate per line. It is imposed on each local exchange switched access line to help fund the Utah Poison Control Center.

* These amounts include charges for basic telephone services. Failure to pay these charges in a timely manner may result in disconnection of local services.

Additional Information About Your Bill

Eschelon strongly supports the billing display requirements of the Federal Communications Commission Truth in Billing Rules. If there is any information presented on this bill about which you have questions or if you would like a further description of charges, please call (866) 372-4356.

If you believe that you have been billed in error or otherwise dispute a charge, you must notify Eschelon within 90 days of the date of the invoice containing the disputed charge or the dispute is waived and will not result in a credit. Eschelon will promptly investigate and notify you of the results of its investigation.
