CONDITIONS

The above rates apply to the provision of network access lines which, when connected to a suitable instrument provides access to the telecommunications network.

Instruments must be provided by the subscriber, subject to the conditions described in the Connection With Subscriber-Owned Equipment portion of this tariff.

Additional instruments may be attached to network access lines. The Company reserves the right to limit the number of instruments connected to an access line if they cause interference with the normal operation of the line.

Touch-Tone service is provided only where the facilities are available.

PBX Outward Only allows only outgoing calls from the customer's PBX or Key System. It provides access to 911, dial tone, operator services, and long distance services, but does not allow incoming calls.

* All exchanges have EAS to the entire Utah County, Utah.
