ISSUED: June 10, 2009

By The Commission

This matter is before the Commission on Qwest’s Motion to Compel Verizon’s Response to Qwest Data Request in its Third Set of Data Requests and Request for Expedited Consideration. Qwest filed its Motion and supporting memorandum, and also a reply in support of its Motion. Verizon filed a Response and Supplemental Response opposing the Motion.

ORDER

The Commission has reviewed the moving and responding papers and orders as follows:

1. Verizon shall respond to the data request in Qwest’s third set of data requests <sup>1</sup>, except that Verizon need not provide the “JARS-based CDRs in Excel format, splitting into sequential worksheets, limited to no more than 50,000 records per

---

<sup>1</sup> As provided in Attachment A to Qwest’s Motion, the data request to which Verizon shall respond states: “For the state of Utah, please provide all terminating JARS-based [Jurisdictional Analysis & Reporting Solutions] CDRs [Call Detail Records] for all traffic delivered to Qwest via Feature Group D for the entire day of March 25, 2009. Include all fields of data generated by JARS, and provide a detailed written description of each column heading, including but not limited to what each data field contains, any logic used to populate each field, and defining any acronyms used. In addition, please separate the JARS-based CDRs by LATA [Local Access and Transport Area] and by ACNA [Access Customer Name Abbreviation] (MCI and WTL). Provide these JARS-based CDRs in Excel format, splitting into sequential worksheets, limited to no more than 50,000 records per worksheet and include headers in each worksheet.”
