ESSENTIAL FACILITIES AGREEMENT

THIS AGREEMENT (“Agreement”) is effective upon approval by the Commission (the “Effective Date”), by and between Bresnan Broadband of Utah, LLC (“Bresnan”) with offices at _____ and UBTA-UBET Communications, Inc. (“UBET”) with offices at 211 East 200 North, Roosevelt, Utah 84066. This Agreement may refer to either UBET or Bresnan or both as a “Party” or “Parties.”

WHEREAS, UBET is an Telecommunications corporation, as defined in of the Utah Code Annotated §54-8b-2 (18), authorized to provide Public Telecommunications Services in the State of Utah and

WHEREAS, Bresnan is a voice over internet protocol (VoIP) provider; and

WHEREAS, Bresnan has received a certificate from the Utah Public Service Commission (“PSC”) for the provision of IP-Enabled service in the UBET service territory.

WHEREAS Bresnan has requested interconnection with UBET under Utah Code §54-8b-2.2 et. seq.; and

WHEREAS, the Parties agree to interconnect their facilities and exchange Traffic specifically as defined herein pursuant to Utah Code Annotated §54-8b-2.2 et. seq.; and

WHEREAS, the Parties agree that capitalized terms not otherwise defined in this Agreement shall be assigned the meanings given to such term(s) by the Glossary, attached hereto and incorporated herein for all purposes.

NOW THEREFORE, in consideration of the mutual agreements contained herein, UBET and Bresnan agree as follows:

1. Purpose
 - 1.1 The Parties agree to the rates, terms and conditions contained within this Agreement, including all Attachments for the exchange of Local Traffic and EAS Traffic.
 - 1.2 This Agreement only governs the exchange of Local Traffic within the Vernal Local Exchange. Traffic and EAS Traffic. Exchange of toll traffic is subject to UBET’s P.S.C.U. Tariff 1 Exchange Carriers Access Service Tariff and the NECA Tariff.
 - 1.3 The provision of wholesale services, including service to ISPs by Bresnan to any entity including affiliates is strictly prohibited. Bresnan will not transmit any traffic to UBET that is generated by a third party that is not an End User Customer via the facilities and other arrangements contemplated by this Agreement. If such traffic is transmitted, all traffic transmitted from Bresnan shall be billed at current access rates until such time as such traffic is removed from the interconnection arrangement established under this Agreement.

2. Term of the Agreement

- 2.1 This Agreement will commence upon approval by the Commission and has an initial term of three (3) years.
- 2.2 The Parties agree that no earlier than two hundred ten (210) days and no later than ninety (90) days prior to the expiration of this Agreement, either Party will have the right to request the negotiation of a subsequent agreement. Such requests for renegotiation must be in the form of a written notice to the other Party (“Renegotiation Request”). If a Party requests the negotiation of a subsequent agreement and the Parties are unable to negotiate a subsequent agreement prior to the end of the term. Either Party may institute the Dispute resolution process to resolve the remaining open issues in the new agreement. During the pendency of any dispute resolution initiated by a Party and until the Commission issues its decision approving the subsequent agreement resulting from such proceedings, the Parties will continue to provide services to each other pursuant to this Agreement.
- 2.3 If no Party requests renegotiation, but services continue to be provided beyond the expiration date of this Agreement, this Agreement shall be deemed extended on a month-to-month basis. Upon conversion to a month-to-month term, either Party may terminate this Agreement upon thirty (30) days written notice to the other Party; provided, however, that this Agreement cannot be terminated prior to ninety (90) days after the original expiration date.
- 2.4 In the event that services are provided on a month-to-month basis beyond the term of this Agreement, the rates, at UBET’s option, may be increased to the rates provided by UBET’s then current Tariffs. Bresnan shall continue to offer all services to UBET previously available under this Agreement pursuant to the terms and conditions herein provided and at the lesser of the rates herein provided or Bresnan’s then current Tariffs, rates sheets or applicable contracts which have been reviewed and approved by the PSC.
- 2.5 If the Agreement has not been implemented 180 days after the Effective Date or if the Parties cease the exchange of traffic then UBET may terminate this Agreement upon thirty (30) days written notice to Bresnan. In addition, UBET reserves the right to terminate this Agreement immediately upon ten (10) days notice from or verification by the Bresnan that it has ceased offering Local Exchange Service in the state. In addition to notice or verification from Bresnan, UBET may utilize any publicly available information in concluding that Bresnan is no longer providing Local Exchange Service in this state, and immediately terminate this Agreement.

3. Termination of the Agreement

3.1 Termination for Default Not Cured Within Thirty (30) Days

UBET may terminate this Agreement in whole or in part in the event of a default by Bresnan; provided however, that UBET notifies Bresnan in writing of the alleged default and that Bresnan does not cure the alleged default within thirty

(30) calendar days of receipt of written notice thereof. Default means any one or more of the following:

- 3.1.1 Bresnan's refusal or failure in any material respect to perform its obligations under this Agreement, or the Pole Attachment Agreement, or the violation of any of the material terms or conditions of this Agreement; or the Pole Attachment Agreement, or
- 3.1.2 Bresnan's assignment of any right, obligation, or duty, in whole or in part, or of any interest, under this Agreement without any consent required under Section 6 of this Attachment.

3.2 Termination for Insolvency or Bankruptcy

- 3.2.1 This Agreement is immediately terminated upon a Party becoming insolvent or upon the initiation of a voluntary bankruptcy proceeding.
- 3.2.2 In the event that an involuntary bankruptcy or receivership proceeding is initiated against a Party, this Agreement shall terminate unless such proceeding is set aside within thirty (30) days.

3.3 Termination for Federal Preemption

- 3.3.1 UBET may terminate this Agreement in whole or in part, in its sole discretion in the event that it is subsequently determined by the FCC, Federal Courts, or State Court, that VoIP Service, such as that provided by Bresnan pursuant to this Agreement, is not telecommunications services under Federal law, and Federal law is found to pre-empt State law in this matter.

3.3 Liability Upon Termination

Termination of this Agreement, or any part hereof, for any cause shall not release either Party from any liability which at the time of termination had already accrued to the other Party, or which thereafter accrues in any respect to any act or omission occurring prior to the termination or from an obligation which is expressly stated in this Agreement to survive termination.

4. Contact Exchange

Bresnan agrees that it shall be UBET's sole contact for all services provided hereunder to Bresnan. The Parties agree to exchange and to update contact and referral numbers for order inquiry, trouble reporting, billing inquiries, and information required to comply with law enforcement and other security agencies of the government.

5. Amendments

Any amendment, modification, or supplement to this Agreement must be in writing and signed by an authorized representative of each Party. The term "this Agreement" shall include future amendments, modifications, and supplements.

6. Assignment

Bresnan shall have no right to assign, transfer, hypothecate or otherwise convey this agreement in whole or in part or any part hereof. Any such purported assignment, transfer, hypothecation shall be null and void and shall be an event of default under this Agreement. For the avoidance of doubt, it shall be an impermissible assignment to enter into any management agreement with a third party whereby said third party manages Bresnan's operations related to the services provided hereunder.

7. Authority

Each person whose signature appears on this Agreement represents and warrants that he or she has authority to bind the Party on whose behalf he or she has executed this Agreement. Each Party represents that he or she has had the opportunity to consult with legal counsel of his or her choosing.

8. INTENTIONALLY LEFT BLANK

9. Billing and Payment

9.1 In consideration of the services and facilities provided under this Agreement, each Party shall bill the other Party on a monthly basis all applicable charges set forth in this Agreement or, if not set forth herein, in their respective applicable tariff(s). The Party billed ("Billed Party") shall pay to the invoicing Party ("Billing Party") all undisputed amounts within thirty (30) days from the bill date. If the payment due date is a Saturday, Sunday, or a designated bank holiday, payment shall be made by the prior business day. Neither Party shall back bill the other Party for services provided under this Agreement that are more than two (2) years old. If a Party fails to bill for a service within two (2) years of when it was rendered, then that Party waives its rights to bill for that service, absent fraud or willful misconduct by the Billed Party.

9.2 Billing Disputes Related to Unpaid Amounts

9.2.1 If any portion of an amount invoiced to a Billed Party under this Agreement is subject to a bona fide dispute between the Parties, the Billed Party may withhold payment of the disputed amount and notify the Billing Party it is withholding a disputed amount and the amount it is disputing ("Disputed Amount"). Within thirty (30) days of its receipt of the invoice containing such Disputed Amount, the Billed Party shall provide the specific details and reasons for disputing each item. Disputes not raised within thirty (30) days are lost. The Billed Party shall pay when due all undisputed amounts on the invoice to the Billing Party. The Parties will work together in good faith to resolve issues relating to the disputed amounts. If the dispute is resolved such that payment is required, the Billed Party shall pay the disputed amounts with interest at the lesser of (i) one and one half percent (1-1/2 %) per month or (ii) the highest rate of

interest that may be charged under Utah's applicable law. In addition, the Billing Party may suspend terminating traffic for the Billed Party if Disputed Amounts resolved to be due to the Billing Party are not paid within ninety (90) days after they are determined to be due, provided the Billing Party has given the Billed Party an additional thirty (30) days written notice and opportunity to cure the default. If the dispute is resolved such that payment is not required, the Billing Party will issue the Billed Party a credit for the Disputed Amounts on its next invoice following the date of resolution of the dispute.

9.3 Except for Disputed Amounts pursuant to Section 9.2 herein, the following shall apply:

9.3.1 Any undisputed amounts not paid when due shall accrue interest from the date such amounts were due at the lesser of (i) one and one-half percent (1½%) per month or (ii) the highest rate of interest that may be charged under Utah's applicable law.

9.3.2 If payment of undisputed amounts is not received thirty (30) days from the bill date, the Billing Party may provide written notice to the Billed Party that additional applications for service will be refused, and that any pending orders for service will not be completed unless payment is received by the fifteenth (15th) day following the date the Billed Party receives said notice. If the Billing Party does not refuse additional applications for service on the date specified in the notice, and the Billed Party's noncompliance continues, nothing contained herein shall preclude the Billing Party's right to thereafter refuse additional applications for service without further notice.

9.3.3 If, following the notice under Section 9.3.2, the Billed Party fails to pay all amounts due within thirty (30) days, the Billing Party may thereafter, on thirty (30) days prior written notice to the Billed Party (the "Discontinuance Notice"), discontinue the provision of existing services to the Billed Party. Notice shall be as provided in Section 26 below. In the event services are discontinued, all billed charges, as well as applicable termination charges, if any, shall become due. If the Billing Party does not discontinue the provision of service on the date specified in the Discontinuance Notice, and the Billed Party's noncompliance continues, nothing contained herein shall preclude the Billing Party's right to thereafter discontinue the provision of service to the Billed Party without further notice.

9.3.4 If payment is not received within sixty (60) days after the Discontinuance Notice given under Section 9.3.3, the Billing Party may terminate this Agreement.

9.3.5 After disconnect procedures have begun, the Billing Party shall not accept any service orders from the Billed Party until all unpaid charges are paid in full and such funds are available to the Billing Party.

9.4 Billing Disputes of Paid Amounts

If any portion of an amount paid to a Billing Party under this Agreement is thereafter subject to a bona fide dispute by the Billed Party (“Disputed Paid Amount”), the Billed Party may provide written notice to the Billing Party of the Disputed Paid Amount, and seek a refund of such amount, at any time prior to the date that is one (1) year after the receipt of a bill containing the Disputed Paid Amount (“Notice Period”). If the Billed Party fails to provide written notice of a Disputed Paid Amount within the Notice Period, the Billed Party waives its rights to dispute its obligations to pay such amount, and to seek refund of such amount, absent fraud or willful misconduct by the Billing Party. If it is determined that the Billed Party is entitled to a refund of all or part of the Disputed Paid Amount, the Billing party will refund such amount.

9.5 Issues related to Disputed Amounts and Disputed Paid Amounts not resolved by the Parties shall be resolved in accordance with all of the applicable procedures identified in the Dispute Resolution provisions set forth in Section 13 of this Agreement.

9.6 Deposits

UBET, at its sole discretion may require Bresnan to provide UBET a security deposit to ensure payment of Bresnan’s account. The security deposit must be an amount equal to three (3) months anticipated charges (including, but not limited to, recurring, non-recurring, termination charges and advance payments), as reasonably determined by UBET, for interconnection or any other functions, resale, facilities, products or services to be furnished by UBET under this Agreement. In order for UBET to determine the amount of the initial deposit, shall be based upon forecasts of facilities, facilities usage and customer transfers or a minimum of \$35,000.

9.7 Audits

9.7.1 Subject to each Party’s reasonable security requirements and except as may be otherwise specifically provided in this Agreement, either Party may audit the other Party’s relevant books, records and other documents pertaining to services provided under this Agreement once in each Contract Year and/or following termination of the Agreement to evaluate the accuracy of the other Party’s billing, data and invoicing, including usage data, source data, and other information and documents in accordance with this Agreement. The relevant books, records and other documents include, but are not limited to, usage data, source data, traffic reports and associated data and other information and documents in accordance with this Agreement. Such audit will take place at a time and place agreed on by the Parties no later than sixty (60) days after notice thereof.

9.7.2 Any audit shall be performed as follows: (i) following at least thirty (30) days prior written notice to the audited Party; (ii) subject to the reasonable scheduling requirements and limitations of the audited Party and at single

location designated by the audited party; (iii) at the auditing Party's sole cost and expense; (iv) of a reasonable scope and duration; (v) in a manner so as not to interfere with the audited Party's business operations; and (vi) in compliance with the audited Party's security rules. The review will consist of an examination and verification of data involving usage data, records, systems, procedures and other information related to the traffic delivered or services performed by either Party as related to settlement charges or payments made in connection with this Agreement as determined by either Party to be reasonably required. Each Party shall maintain reasonable records for a minimum of eighteen (18) months and provide the other Party with reasonable access to such information as is necessary to determine amounts receivable or payable under this Agreement. Such records shall include usage records for the traffic delivered by the Party to the other Party. Such call records shall provide call detail from the originating End User Customer to the terminating End User Customer

9.7.3 Each Party will cooperate fully in any such audit, providing reasonable access to any and all appropriate employees, subcontractors and other agents and books, records and other documents reasonably necessary to assess the accuracy of the Party's billings, data and invoices.

9.7.4 Each Party has bear their own cost of the audit except that if the auditing party finds discrepancies greater than twenty percent or more, the audited Party with the discrepancies shall pay the full cost of the audit and reimburse the other auditing Party for the discrepancies.

9.7 Recording

The Parties shall each perform traffic recording and identification functions necessary to provide the services contemplated hereunder. Each Party shall calculate terminating duration of minutes used based on standard Automatic Message Accounting ("AMA") records made within each Party's network. The records shall contain the information to properly assess the jurisdiction of the call including ANI or service provider information necessary to identify the originating company and originating signaling information.

10. Compliance with Laws and Regulations

Each Party shall comply with all applicable federal, state, and local statutes, regulations, rules, ordinances, judicial decisions, and administrative rulings applicable to its performance under this Agreement.

11. Confidential Information

11.1 Any information such as specifications, drawings, sketches, business information, forecasts, models, samples, data, computer programs and other software, and documentation of one Party (a "Disclosing Party") that is furnished or made available or otherwise disclosed to the other Party or any of its employees, contractors, or agents (its "Representatives" and with a Party, a "Receiving

Party”) pursuant to this Agreement (“Proprietary Information”) shall be deemed the property of the Disclosing Party. Proprietary Information, if written, shall be clearly and conspicuously marked “Confidential” or “Proprietary” or other similar notice, and, if oral or visual, shall be confirmed in writing as confidential by the Disclosing Party to the Receiving Party upon disclosure. Unless Proprietary Information was previously known by the Receiving Party free of any obligation to keep it confidential, or has been or is subsequently made public by an act not attributable to the Receiving Party, or is explicitly agreed in writing not to be regarded as confidential, such information: (i) shall be held in confidence by each Receiving Party; (ii) shall be disclosed to only those persons who have a need for it in connection with the provision of services required to fulfill this Agreement and shall be used by those persons only for such purposes; and (iii) may be used for other purposes only upon such terms and conditions as may be mutually agreed to in advance of such use in writing by the Parties. Notwithstanding the foregoing sentence, a Receiving Party shall be entitled to disclose or provide Proprietary Information as required by any governmental authority or applicable law, upon advice of counsel, only in accordance with Section 11.2 of this Agreement. Nothing herein shall prohibit or restrict a Receiving Party from providing Proprietary Information in response to a request of the FCC or a state regulatory agency with jurisdiction over this matter, or to support a request for arbitration, or in connection with Dispute Resolution, provided that the Disclosing Party is first given the opportunity to seek appropriate relief under the provisions of Section 11.2.

- 11.2 If any Receiving Party is required by any governmental authority, or by Applicable Law, to disclose any Proprietary Information, or believes it is necessary to disclose Proprietary Information pursuant to Section 11.1 above, then such Receiving Party shall provide the Disclosing Party with written notice of such requirement as soon as possible and prior to such disclosure. The Disclosing Party may then seek appropriate protective relief from all or part of such requirement. The Receiving Party may disclose the Proprietary Information within the time required by the governmental authority or Applicable Law, provided that the Disclosing Party has been provided with written notice under this section 11.2 and protective relief has not been obtained by the Disclosing Party.
- 11.3 In the event of the expiration or termination of this Agreement for any reason whatsoever, each Party shall return to the other Party or destroy all Proprietary Information and other documents, work papers and other material (including all copies thereof) obtained from the other Party in connection with this Agreement and shall use all reasonable efforts, including instructing its employees and others who have had access to such information, to keep confidential and not to use any such information, unless such information is now, or is hereafter disclosed, through no act, omission or fault of such Party, in any manner making it available to the general public.

12. Fraud

Neither Party shall bear responsibility for, nor be required to make adjustments to the other Party's account, in cases of fraud by the other Party's customers or on the other Party's customer accounts. The Parties agree to reasonably cooperate with each other to detect, investigate, and prevent fraud and to reasonably cooperate with law enforcement investigations concerning fraudulent use of the other Party's services or network. The Parties' fraud minimization procedures are to be cost effective and implemented so as not to unduly burden or harm one Party as compared to the other. Bresnan expressly assumes responsibility, as between Bresnan and UBET, and agrees to reimburse and make whole UBET for damages incurred by UBET due to fraud committed by Bresnan's End User Customers or any other third-party entities whose traffic is exchanged over the interconnection facilities established by this Agreement which, with the use of reasonable diligence and attentiveness and existing technology currently deployed, could have been prevented.

13. Dispute Resolution

The Parties desire to resolve disputes arising out of or relating to this Agreement without, to the extent possible, litigation. Accordingly, except for action seeking a temporary restraining order or an injunction, or suit to compel compliance with this dispute resolution process, the Parties agree to use the following dispute resolution procedures with respect to any controversy or claim arising out of or relating to this Agreement or its breach.

13.1 Informal Resolution of Disputes

At the written request of a Party, each Party will appoint a knowledgeable, responsible representative, empowered to resolve such dispute, to meet and negotiate in good faith to resolve any dispute arising out of or relating to this Agreement. The location, format, frequency, duration, and conclusion of these discussions shall be left to the discretion of the representatives. Upon agreement, the representatives may utilize other alternative dispute resolution procedures such as mediation to assist in the negotiations. Discussions and correspondence among the representatives for purposes of these negotiations shall be treated as Proprietary Information developed for purposes of settlement, exempt from discovery, and shall not be admissible in the arbitration described below or in any lawsuit without the concurrence of all Parties.

13.2 Formal Dispute Resolution

If negotiations fail to produce an agreeable resolution within ninety (90) days, then either Party may proceed with any remedy available to it pursuant to law, equity or agency mechanisms; provided, that upon mutual agreement of the Parties, such disputes may also be submitted to binding arbitration. In the case of an arbitration, each Party shall bear its own costs. The Parties shall equally split

the fees of any mutually agreed upon arbitrator but shall otherwise pay their own expenses associated with the arbitration.

13.3 Continuous Service

The Parties shall continue providing existing services to each other during the pendency of informal dispute resolution procedure (except as otherwise provided in this Agreement), and the Parties shall continue to perform their payment obligations including making payments in accordance with this Agreement.

14. Entire Agreement

This Agreement, together with all exhibits, addenda, schedules and attachments hereto, constitutes the entire agreement of the Parties pertaining to the subject matter of this Agreement and supersedes all prior agreements, negotiations, proposals, and representations, whether written or oral, and all contemporaneous oral agreements, negotiations, proposals, and representations concerning such subject matter. No representations, understandings, agreements, or warranties, expressed or implied have been made or relied upon in the making of this Agreement other than those specifically set forth herein. In the event there is a conflict between any term of this Agreement, the provisions shall be construed to give the greatest possible effect to the intent of this Agreement.

15. Expenses

Except as specifically set out in this Agreement, each Party shall be solely responsible for its own expenses involved in all activities related to the subject of this Agreement.

16. Force Majeure

Neither Party shall be liable for any delay or failure in performance of any part of this Agreement from any cause beyond its control and without its fault or negligence including, without limitation, acts of nature, acts of civil or military authority, government regulations, embargoes, epidemics, terrorist acts, riots, insurrections, fires, explosions, earthquakes, nuclear accidents, floods, equipment failure, power blackouts, volcanic action, other major environmental disturbances, unusually severe weather conditions, inability to secure products or services of other persons or transportation facilities or acts or omissions of transportation carriers (collectively, a “Force Majeure Event”). Notwithstanding the foregoing, the Parties have expressly agreed that the acts of any third-party entity using the services provided under this Agreement shall be deemed to be within Bresnan’s control and shall not be a Force Majeure Event. If any Force Majeure Event occurs, the Party delayed or unable to perform shall give immediate notice to the other Party and shall take all reasonable steps to correct the condition resulting from the Force Majeure Event. During the pendency of the Force Majeure Event, the duties of the Parties under this Agreement affected by the Force Majeure Event shall be abated and shall resume immediately without liability thereafter.

17. Good Faith Performance

In the performance of their obligations, the Parties shall act in good faith under this Agreement. In situations in which notice, consent, approval, or similar action by a Party is permitted or required by any provision of this Agreement, such action shall not be conditional, unreasonably withheld, or delayed.

18. Governing Law

This Agreement shall be governed by and construed and enforced in accordance with the laws of the State of Utah without regard to its conflict of laws principles. In the event that it is subsequently determined by the FCC, Federal Courts, or State Court that VoIP Service, such as that provided by Bresnan pursuant to this Agreement, is not telecommunications services under Federal law, and Federal law is found to pre-empt State law in this matter, Federal law shall be applied to this Agreement.

19. Headings

The headings in this Agreement are inserted for convenience and identification only and shall not be considered in the interpretation of this Agreement.

20. Independent Contractor Relationship

Notwithstanding any other provisions of this Agreement, neither this Agreement, nor any actions taken by Bresnan or UBET in compliance with this Agreement, shall be deemed to create an agency or joint venture relationship between Bresnan and UBET, or any relationship other than that of co-carriers. Neither this Agreement, nor any actions taken by Bresnan or UBET in compliance with this Agreement, shall create a contractual, agency, or any other type of relationship or third party liability between either Party and the other Party’s End User Customers or other third parties.

21. Law Enforcement Interface

- 21.1 With respect to requests for call content interception or call information interception directed at Bresnan's End User Customers, UBET will have no direct involvement in law enforcement interface. In the event a Party receives a law enforcement surveillance request for an End User Customer of the other Party, the Party initially contacted shall direct the agency to the other Party.
- 21.2 Notwithstanding 21.1, the Parties agree to work jointly in security matters to support law enforcement agency requirements for call content interception or call information interception.

22. Liability and Indemnity

22.1 **DISCLAIMER**

EXCEPT AS SPECIFICALLY PROVIDED TO THE CONTRARY IN THIS AGREEMENT, EACH PARTY MAKES NO REPRESENTATIONS OR WARRANTIES TO THE OTHER PARTY CONCERNING THE SPECIFIC QUALITY OF ANY SERVICES OR FACILITIES IT PROVIDES UNDER THIS AGREEMENT. EACH PARTY DISCLAIMS, WITHOUT LIMITATION, ANY WARRANTY OR GUARANTEE OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, ARISING FROM COURSE OF PERFORMANCE, COURSE OF DEALING, OR FROM USAGES OF TRADE.

22.2 Indemnification

22.2.1 Each Party (the "Indemnifying Party") shall indemnify and hold harmless the other Party ("Indemnified Party") from and against claims for loss, cost, liability, damage, and expense (including reasonable attorney's fees) ("Claims") by End User Customers of the Indemnifying Party and other third persons, for:

- (1) damage to tangible personal property or for personal injury proximately caused by the negligence, willful misconduct or intentional acts or omissions of the Indemnifying Party, or the employees, agents or contractors of either of them; and
- (2) libel, slander, infringement of copyright, or invasion of privacy arising from the content of communications transmitted over the Indemnified Party's facilities by the Indemnifying Party, or other third party entities whose traffic is exchanged between UBET and Bresnan over the interconnection facilities established under this Agreement.

A Party's indemnification obligations hereunder shall not be applicable to any Claims to the extent caused by, arising out of or in connection with the gross negligence, willful misconduct or intentional acts or omissions of the Indemnified Party.

22.2.2 In addition to the indemnities in Section 22.2.1 above, Bresnan shall indemnify and hold harmless UBET from and against claims for loss, cost, liability, damage, and expense (including reasonable attorney's fees) ("Claims") caused to UBET by any third party entity contracting, directly or indirectly, with Bresnan for use of the services provided by this Agreement, or otherwise using Bresnan to deliver traffic to or receive traffic from UBET's facilities, including claims resulting from rate arbitrage, traffic pumping, phantom traffic, or failure to provide valid, accurate and complete CPN on all traffic subject to this Agreement so that UBET is compensated in full for such exchanged traffic in accordance with the terms of this Agreement. UBET will notify Bresnan of information it has received or discovered which appear to trigger this indemnity obligation and provide back-up to support its concerns. Bresnan will have thirty (30) days to respond to such concerns, and, to the extent such claims are shown to be valid, shall reimburse UBET promptly for all loss incurred by UBET. In addition, Bresnan shall take immediate steps to prevent future problems from the offending third party entity to the extent they can be identified.

22.2.3 The Indemnified Party will notify the Indemnifying Party promptly in writing of any Claims for which the Indemnified Party alleges that the Indemnifying Party is responsible under this Section, and, the Indemnifying Party will promptly assume the defense of such Claim.

- (1) In the event the Indemnifying Party does not promptly assume or diligently pursue the defense of the tendered action, then the Indemnified Party, after no less than ten (10) days prior notice to the Indemnifying Party, may proceed to defend or settle said Claim and the Indemnifying Party shall hold harmless the Indemnified Party from any loss, cost liability, damage and expense of such defense or settlement.
- (2) The Indemnifying Party shall consult with the Indemnified Party prior to undertaking any compromise or settlement of any Claim(s), and the Indemnified party will have the right, at its sole option and discretion, to refuse any such compromise or settlement that (in the indemnified Party's sole reasonable opinion) might prejudice the rights of the Indemnified Party, and, at the Indemnified Party's sole cost and expense, to take over the defense, compromise or settlement of such Claim(s); provided, however, that in

such event, the Indemnifying Party will neither be responsible for, nor will it be further obligated to indemnify the Indemnifying Party from or against, any Claims in excess of the amount of the refused compromise or settlement.

- (3) The Parties will cooperate in every reasonable manner with the defense or settlement of any claim, demand, or lawsuit.

22.3 Limitation of Liability.

22.3.1 Except for a Party's indemnification obligations under Section 22.2, and Bresnan's responsibilities for actions and traffic of its End Users and/or any third party entities as specified in other provisions of this Agreement, no liability shall attach to either Party, its parents, subsidiaries, affiliates, agents, servants, employees, officers, directors, or partners for damages arising from errors, mistakes, omissions, interruptions, or delays in the course of establishing, furnishing, rearranging, moving, terminating, changing, or providing or failing to provide services or facilities (including the obtaining or furnishing of information with respect thereof or with respect to users of the services or facilities) in the absence of gross negligence or willful misconduct.

22.3.2 Except for a Party's indemnification obligations under Section 22.2, and Bresnan's responsibilities for actions and traffic of End Users and/or any third party entities as specified in other provisions of this Agreement, no Party shall be liable to the other Party for any loss, defect or equipment failure caused by the conduct or actions of the other Party, its agents, servants, contractors or others acting in aid or concert with that Party, except in the case of gross negligence or willful misconduct.

22.3.3 Bresnan's responsibilities for actions and traffic of its End Users and/or any third party entities as specified in other provisions of this Agreement, in Section 22.2, In no event shall either Party have any liability whatsoever to the other Party for any indirect, special, consequential, incidental or punitive damages, including, but not limited to, loss of anticipated profits or anticipated revenues or other economic loss in connection with or arising from anything said, omitted or done hereunder (collectively, "Consequential Damages"), even if the other Party has been advised of the possibility of such damages.

22.4 Intellectual Property

Neither Party shall have any obligation to defend, indemnify or hold harmless, or acquire any license or right for the benefit of, or owe any other obligation or have any liability to, the other based on or arising from any claim, demand, or proceeding by any third person alleging or asserting that the use of any circuit,

apparatus, or system, or the use of any software, or the performance of any service or method, or the provision or use of any facilities by either Party under this Agreement constitutes direct or contributory infringement, or misuse or misappropriation of any patent, copyright, trademark, trade secret, or any other proprietary or intellectual property right of any third party, except that Bresnan will indemnify and hold harmless UBET with respect to any switch configurations or methods performed on UBET's switches by UBET for Bresnan at the instruction of Bresnan.

23. Joint Work Product

This Agreement is the joint work product of the Parties, has been negotiated by the Parties, and shall be fairly interpreted in accordance with its terms. In the event of any ambiguities, no inferences shall be drawn against either Party.

24. Multiple Counterparts

This Agreement may be executed in multiple counterparts, each of which shall be deemed an original, but all of which shall together constitute one and the same document.

25. No Third Party Beneficiaries

This Agreement is for the sole benefit of the Parties and their permitted assigns, and nothing herein expressed or implied shall create or be construed to create any third-party beneficiary rights hereunder. Except for provisions herein expressly authorizing a Party to act for another, nothing in this Agreement shall constitute a Party as a legal representative or agent of the other Party; nor shall a Party have the right or authority to assume, create or incur any liability or any obligation of any kind, expressed or implied, against, in the name of, or on behalf of the other Party, unless otherwise expressly permitted by such other Party. Except as otherwise expressly provided in this Agreement, no Party undertakes to perform any obligation of the other Party, whether regulatory or contractual, or to assume any responsibility for the management of the other Party's business.

26. Notices

All notices to be given by one Party to the other Party under this Agreement shall be in writing and shall be: (i) delivered personally; (ii) delivered by express delivery service; or (iii) mailed, postage prepaid, certified mail, return receipt to the following addresses of the Parties:

or to such other address as either Party shall designate by proper notice. Notices will be deemed effectively given as of the earlier of: (i) the date of actual receipt; (ii) the next business day when notice is sent *via* overnight express mail or by personal delivery; or (iii) five (5) days after mailing in the case of certified U.S. mail.

27. Impairment of Service

The characteristics and methods of operation of any circuits, facilities or equipment of Bresnan connected with the services, facilities or equipment of UBET pursuant to this Agreement shall not materially interfere with or materially impair service over any facilities of UBET, its affiliated companies, or its connecting and concurring carriers involved in its services, cause damage to its plant, violate any applicable law or regulation regarding the invasion of privacy of any communications carried over UBET's facilities or create hazards to the employees of UBET or to the public.

28. Change in Law

28.1 The Parties enter into this Agreement without prejudice to any positions they have taken previously, or may take in the future in any legislative, regulatory, judicial or other public forum addressing any matters, including matters related specifically to this Agreement, or other types of arrangements prescribed in this Agreement.

28.2 The Parties acknowledge that the respective rights and obligations of each Party as set forth in this Agreement are based on the State Act the rules and regulations promulgated thereunder by the Utah Public Service Commission as of the Effective Date ("Applicable Rules"). In the event of any (i) any effective legislative action that is not stayed or overturned, (ii) any effective, final, non-appealable regulatory or judicial order, rule, or regulation, (iii) a final non-appealable dispute resolution under this Agreement, or (iv) any other final, effective, non-appealable legal action purporting to apply the provisions of the State Act to the Parties or in which the Commission makes a generic determination that is generally applicable to the pricing, terms and conditions of this Agreement, any of which revises, modifies or reverses the Applicable Rules (individually and collectively, "Amended Rules"), then either Party may, to the extent permitted or required by the Amended Rules, by providing written notice

to the other Party, require that the provisions of this Agreement that are revised, modified or reversed by the Amended Rules be renegotiated in good faith and this Agreement shall be amended accordingly to reflect the pricing, terms and conditions renegotiated by the Parties to reflect each such Amended Rule.

28.4 Additionally, in the event that it is subsequently determined by the FCC, Federal Courts, or State Court, that VoIP Service, such as that provided by Bresnan pursuant to this Agreement, is not telecommunications services under Federal law, and Federal law is found to pre-empt State law in this matter, Federal law shall be applied to this Agreement and UBET shall have the option of terminating the services provided hereunder.

29. Regulatory Approval

The Parties understand and agree that this Agreement will be filed with the Commission,. Each Party covenants and agrees to fully support approval of this Agreement by the Commission. In the event the Commission rejects this Agreement in whole or in part, the Parties agree to meet and negotiate in good faith to arrive at a mutually-acceptable modification of the rejected portion(s).

30. Taxes and Fees

Each Party purchasing services hereunder shall pay or otherwise be responsible for all federal, state, or local sales, use, excise, gross receipts, transaction or similar taxes, fees or surcharges levied against or upon such purchasing Party (or the providing Party when such providing Party is permitted to pass along to the purchasing Party such taxes, fees or surcharges), except for any tax on either Party's corporate existence, status or income. Whenever possible, these amounts shall be billed as a separate item on the invoice. To the extent a sale is claimed to be exempt from taxes, the purchasing Party shall furnish the providing Party a proper resale or other tax exemption certificate as authorized or required by statute or regulation by the jurisdiction providing said resale or other tax exemption. Failure to provide the tax exemption certificate will result in no exemption being available to the purchasing Party until it is provided.

31. Trademarks and Trade Names

No patent, copyright, trademark or other proprietary right (the "Marks") is licensed, granted, or otherwise transferred by this Agreement. Bresnan is strictly prohibited from any use of UBET's Marks, including, but not limited to, in sales, in marketing or in advertising of telecommunications services. The Marks include those Marks owned directly by UBET or its Affiliate(s) and those Marks that UBET has a legal and valid license to use. The Parties acknowledge that they are separate and distinct and that each provides a separate and distinct service and agree that Bresnan may not, expressly or impliedly, state, advertise or market that it is or offers the same service as UBET or engage in any other activity that may result in a likelihood of confusion between Bresnan's service and UBET's service.

32. Non-Waiver

Failure of either Party to insist on the performance of any term or condition of this Agreement or to exercise any right or privilege hereunder shall not be construed as a continuing or future waiver of such term, condition, right or privilege.

33. Bankruptcy

If any voluntary or involuntary petition or similar pleading under any Section or Sections of any bankruptcy act shall be filed by or against a Party, or any voluntary or involuntary proceeding in any court or tribunal shall be instituted to declare the Party insolvent or unable to pay the Party's debts, or the Party makes an assignment for the benefit of its creditors, or a trustee or receiver is appointed for the Party or for the major part of the Party's property, the other Party may, if that Party so elects but not otherwise, and with or without notice of such election or other action by that Party, forthwith terminate this Agreement.

IN WITNESS WHEREOF, the Parties have executed this Agreement the day and year written below.

GLOSSARY

1. General Rule

Special meanings are given to common words in the telecommunications industry, and coined words and acronyms are common in the custom and usage in the industry. Words used in this Agreement are to be understood according to the custom and usage of the telecommunications industry, as an exception to the general rule of contract interpretation that words are to be understood in their ordinary and popular sense. In addition to this rule of interpretation, the following terms used in this Agreement shall have the meanings as specified below.

2. Definitions

2.1 ACCESS SERVICE REQUEST (ASR)

An industry standard form, which contains data elements and usage rules used by the Parties to add, establish, change or disconnect services or trunks for the purposes of interconnection.

2.2 AFFILIATE

Shall have the meaning as set forth in the State Act.

2.3 APPLICABLE LAW

All effective laws, government regulations and orders applicable to each Party's performance of its obligations under this Agreement.

2.4 AUTOMATIC NUMBER IDENTIFICATION (ANI)

The signaling parameter which refers to the number transmitted through the network identifying the calling number of the calling End User Customer.

2.5 BASIC RESIDENTIAL SERVICE

Means a Local Exchange Service for a residential customer consisting of: (a) a single line with access to the public switched telephone network; (b) touch-tone or the functional equivalent; (c) local flat-rate unlimited usage, exclusive of extended area service; (d) single-party service; (e) a free phone number listing in directories received for free; (f) access to operator services; (g) access to directory assistance; (h) access to lifeline and telephone relay assistance; (i) access to 911 and E911 emergency services; (j) access to long-distance carriers; (k) access to toll limitations services; (l) other services as may be determined by the commission; and (m) no feature.

2.6 CALLING PARTY NUMBER (CPN)

A Signaling System 7 (SS7) parameter that identifies the calling End User Customer's telephone number.

2.7 CENTRAL OFFICE

A local switching system for connecting lines to lines, lines to trunks, or trunks to trunks for the purpose of originating/terminating calls over the public switched telephone network. A single Central Office may handle several Central Office codes ("NXX"). Sometimes this term is used to refer to a telephone company building in which switching systems and telephone equipment are installed.

2.8 CENTRAL OFFICE SWITCH

A switch used to provide Telecommunications Services including, but not limited to, an End Office Switch or a Tandem Switch. A Central Office Switch may also be employed as combination End Office / Tandem Office Switch.

2.9 CERTIFICATE

A certificate of public convenience and necessity issued by the commission authorizing a telecommunications corporation to provide specified public telecommunications services within a defined geographic service territory in the state.

2.10 COMMISSION

The Utah Public Service Commission.

2.11 COMMON CHANNEL SIGNALING (CCS)

A method of transmitting call set-up and network-control data over a digital signaling network separate from the public switched telephone network facilities that carries the actual voice or data content of the call.

2.12 DIGITAL SIGNAL LEVEL 1 (DS1)

The 1.544 Mbps first-level signal in the time-division multiplex hierarchy.

2.13 DIGITAL SIGNAL LEVEL 3 (DS3)

The 44.736 Mbps third-level signal in the time-division multiplex hierarchy.

2.14 DIRECT INTERCONNECTION FACILITIES

Dedicated one-way or two-way transport facilities installed between Bresnan's switch(es) (or equivalent) and UBET's switch(es).

2.15 END OFFICE SWITCH OR END OFFICE

End Office Switch is a switch in which End User Customer station loops are terminated for connection to trunks. The End User Customer receives terminating, switching, signaling, transmission, and related functions for a defined geographic area by means of an End Office Switch.

2.16 END USER CUSTOMER

The residence or business subscriber who is the ultimate user of Local Exchange Service provided directly by either of the Parties.

2.17 END USER CUSTOMER LOCATION

The physical location of the premises where an End User Customer makes use of Local Exchange Service as listed in the ALI database.

2.18 ESSENTIAL FACILITY OR SERVICE

Essential Facility or Service means any portion, component, or function of the network or service offered by a provider of local exchange services:

(a) that is necessary for a competitor to provide a public telecommunications service;

(b) that cannot be reasonably duplicated; and

(c) for which there is no adequate economic alternative to the competitor in terms of quality, quantity, and price.

2.19 EXCHANGE AREA.

A geographic area defined by the Commission for the provision of Local Exchange Service.

2.20 EXTENDED AREA SERVICE (EAS)

Extended Area Service is any call, including IP-Enabled Traffic that originates from an End User Customer of one Party physically located in one exchange and terminates to an End User Customer of the other Party physically located in a different exchange that is within the mandatory local calling area associated with the originating End User Customer's exchange, as defined and specified in **UBET's Local Tariff P.S.C. Utah Tariff 1**. As clarification of this definition and for reciprocal transport and termination compensation, EAS Traffic does not include traffic that originates from or is directed to or through an ISP or traffic originated or terminated to wireless carriers.

2.21 FCC.

The Federal Communications Commission.

2.22 INCUMBENT TELEPHONE CORPORATION

Incumbent Telephone Corporation means a telephone corporation , its successors or assigns, which as of May 1, 1995 held a certificate to provide local exchange service in a defined geographic service territory in the state.

2.23 INFORMATION SERVICE.

Information service.--The term "information service" means the offering of a capability for generating, acquiring, storing, transforming, processing, retrieving, utilizing, or making available information via telecommunications, and includes electronic publishing, but does not include any use of any such capability for the management, control, or operation of a telecommunications system or the management of a telecommunications service INTEREXCHANGE CARRIER (IXC).

A Telecommunications Carrier that provides, directly or indirectly, InterLATA or IntraLATA telephone toll services.

2.24 INTERLATA TRAFFIC.

Telecommunications toll traffic that originates in one LATA and terminates in another LATA.

2.25 INTRALATA TRAFFIC.

Telecommunications toll traffic that originates and terminates in the same LATA.

2.26 INTERNET PROTOCOL CONNECTION (IPC).

The physical location where End User Customer information is originated or terminated utilizing internet protocol.

2.27 INTERNET PROTOCOL-ENABLED TRAFFIC (IP-ENABLED TRAFFIC)

IP-Enabled Traffic means any internet protocol-enabled, real-time, multidirectional voice call, including, but not limited to, service that mimics traditional telephony, and includes voice-over Internet protocol ("VoIP") traffic. For purposes of this Agreement, IP-Enabled Traffic includes:

- (a) Voice traffic originating on an Internet Protocol Connection (IPC), and which terminates on the Public Switched Telephone Network (PSTN); and
- (b) Voice traffic originated on the PSTN, and which terminates on an IPC.

2.28 ISP-BOUND TRAFFIC.

ISP-Bound Traffic means traffic that originates from or is directed, either directly or indirectly, to or through an information service provider or Internet Service Provider (ISP) who is physically located in an area within the Local/ /EAS exchange of the originating End User Customer. Traffic originated from, directed to or through an ISP physically located outside the originating End User Customer's Local//EAS exchange will be considered Switched Access Traffic and subject to access charges. IP-Enabled Traffic is not ISP-Bound Traffic.

2.29 JURISDICTIONAL INDICATOR PARAMETER (JIP).

JIP is a six-digit number which provides a unique identifier representing the originating carrier. JIP is defined in the Alliance for Telecommunications Industry Solutions Reference Document ATIS-0300011.

2.30 LINE INFORMATION DATABASE (LIDB)

One or all, as the context may require, of the Line Information Databases owned individually by UBET and other entities which provide, among other things, calling card validation functionality for telephone line number cards issued by UBET and other entities. A LIDB also contains validation data for collect and third number-billed calls; *i.e.* Billed Number Screening.

2.31 LOCAL ACCESS AND TRANSPORT AREA (LATA).

A Local Access and Transport Area is a contiguous geographic area—(1) Established before February 8, 1996 by a Bell operating company such that no exchange area includes points within more than 1 metropolitan statistical area, consolidated metropolitan statistical area, or State, except as expressly permitted under the AT&T Consent Decree; (2) Established or modified by a Bell operating company after February 8, 1996 and approved by the Commission.

2.32 LOCAL EXCHANGE SERVICE

Local exchange service means the provision of telephone lines to customers with the associated transmission of two-way interactive, switched voice communication within the geographic area encompassing one or more local communities as described in maps, tariffs, or rate schedules filed with and approved by the commission.

2.33 LOCAL SERVICE (LOCAL) TRAFFIC

Local Traffic is any call, including IP-Enabled Traffic that originates from an End User Customer of one Party physically located in one exchange and terminates to an End User Customer of the other Party physically located in either the same exchange. As clarification of this definition and for reciprocal transport and termination compensation, Local Traffic does not include traffic that originates

from or is directed to or through an ISP or traffic originated or terminated to wireless carriers.

2.34 LOCAL EXCHANGE ROUTING GUIDE (LERG).

The Telcordia Technologies reference customarily used to identify NPA/NXX routing and homing information, as well as network element and equipment designation.

2.35 NEW SERVICE PROVIDER (NSP).

When an End User Customer is changing its local exchange service from one provider to another, the NSP is the provider with whom the customer will reside at the completion of the change.

2.35 NORTH AMERICAN NUMBERING PLAN (NANP).

The system of telephone numbering employed in the United States, Canada, Bermuda, Puerto Rico and certain Caribbean islands for wireline telecommunications traffic. The NANP format is a 10-digit number that consists of a 3-digit NPA Code (commonly referred to as area code), followed by a 3-digit Central Office code and a 4-digit line number.

2.36 NUMBERING PARTNER

The Telecommunications Carrier from which an interconnected VoIP provider obtains numbering resources. A Numbering Partner must be authorized to receive numbers from NANPA, and has responsibility to comply with the FCC numbering rules, including Local Number Portability requirements.

2.37 NUMBERING PLAN AREA (NPA).

Also sometimes referred to as an area code, is the first three-digit indicator of each 10-digit telephone number within the NANP. Each NPA contains 800 possible NXX Codes. There are two general categories of NPA, "Geographic NPAs" and "Non-Geographic NPAs". A Geographic NPA is associated with a defined geographic area, and all telephone numbers bearing such NPA are associated with services provided within that geographic area. A Non-Geographic NPA, also known as a "Service Access Code" or "SAC Code" is typically associated with a specialized Telecommunications Service that may be provided across multiple geographic NPA areas. 500, 700, 800, 888 and 900 are examples of Non-Geographic NPAs.

2.38 NXX, NXX CODE, CENTRAL OFFICE CODE OR CO CODE.

The three-digit switch entity indicator (*i.e.*, the first three digits of a seven-digit telephone number). Each NXX Code contains 10,000 station numbers.

2.39 OLD SERVICE PROVIDER (OSP).

When an End User Customer is changing its local exchange service from one provider to another, the OSP is the provider from whom the End User Customer is disconnecting

2.40 POINT OF INTERCONNECTION (POI).

The physical location(s) mutually agreed upon and designated by the Parties for the purpose of exchanging Local Traffic and EAS Traffic. Each Party shall be responsible for all costs on its respective side of the POI.

2.41 POLE ATTACHMENT AGREEMENT

Pole attachment means the pole attachment agreement dated as of _____ by and between UBTA and Bresnan that covers attachments by Bresnan to UBTA's poles.

2.42 PUBLIC TELECOMMUNICATIONS SERVICE

The two-way transmission of signs, signals, writing, images, sounds, messages, data, or other information of any nature by wire, radio, lightwaves, or other electromagnetic means offered to the public generally.

2.43 RATE CENTER AREA.

A Rate Center Area is a geographic location, which has been defined by the Commission as being associated with a particular NPA/NXX code, which has been assigned to an UBET for its provision of Local Exchange Service. Rate Center Area is normally the same as the boundary of the UBET Exchange Area as defined by the Commission.

2.44 RATE CENTER.

A Rate Center is the finite geographic point identified by a specific V&H coordinate which is used by the UBET to measure, for billing purposes, distance-sensitive transmission services associated with the specific rate center; provided that a Rate Center cannot exceed the boundaries of the UBET Exchange Area as defined by the Commission.

2.45 SIGNALING SYSTEM 7 (SS7).

The common channel out-of-band signaling protocol developed by the Consultative Committee for International Telephone and Telegraph (CCITT) and the American National Standards Institute (ANSI). UBET and Bresnan currently utilize this out-of-band signaling protocol.

2.42 STATE ACT

Utah Public Telecommunications Law as set forth in Utah Code Annotated §54-8b-1 et. seq. as amended from time to time, and as interpreted in the duly authorized and effective rules and regulation of the Utah Public Service Commission.

2.46 SWITCHED ACCESS SERVICE.

The offering of transmission and switching services for the purpose of the origination or termination of toll traffic. Switched Access Services include, but may not be limited to, Feature Group A, Feature Group B, Feature Group D, 700 access, 8XX access, and 900 access.

2.47 TANDEM SWITCH.

A switching entity that has billing and recording capabilities and is used to connect and switch trunk circuits between and among end office switches and between and among end office switches and carriers' aggregation points, points of termination, or points of presence, and to provide Switched Access Services.

2.48 TANDEM TRANSIT TRAFFIC OR TRANSIT TRAFFIC.

Local Exchange Service traffic that originates on one Party's network and is transported through the other Party's Tandem to the Central Office of a third party, Interexchange Carrier, Commercial Mobile Radio Service ("CMRS") carrier, or other Telecommunications Corporation, where the switch homing arrangement for the dialed NPA-NXX-X is designated as UBET's tandem switch per the Local Exchange Routing Guide ("LERG"). Subtending Central Offices shall be determined in accordance with and as identified in the LERG.

2.49 TARIFF.

Any applicable Federal or State tariff of a Party, as amended from time to time.

2.50 TELCORDIA TECHNOLOGIES.

Formerly known as Bell Communications Research. The organization conducts research and development projects for its owners, including development of new Telecommunications Services. Telcordia Technologies also provides generic requirements for the telecommunications industry for products, services and technologies.

2.51 TELECOMMUNICATIONS CARRIER.

For purposes of this Agreement, the term "Telecommunications Carrier" means any provider of wireline Telecommunications Services, except that such term

does not include aggregators of Telecommunications Services. A Telecommunications Carrier shall be treated as a common carrier under the Telecommunications Act only to the extent that it is engaged in providing Telecommunications Services.

2.52 TELECOMMUNICATIONS CORPORATION

Any corporation or person, and their lessees, trustees, receivers, or trustees appointed by any court, owning controlling, operating, managing, or reselling a public telecommunications service.

2.53 TELECOMMUNICATIONS SERVICE

The term “Telecommunications Service” means the offering of telecommunications for a fee directly to the public, or to such classes of users as to be effectively available directly to the public, regardless of the facilities used.

2.54 TELECOMMUNICATIONS TRAFFIC.

“Telecommunications Traffic” means traffic exchanged between the Parties, except for traffic that is interstate or intrastate exchange access, Commercial Mobile Radio Service, information access or exchange services for such access.

INTERCONNECTION ATTACHMENT

INTERCONNECTION

1. General

- 1.1 This Interconnection Attachment sets forth specific terms and conditions for network interconnection arrangements between UBET and Bresnan for the purpose of the exchange of Local, EAS, and ISP-Bound Traffic that is originated by an End User Customer of one Party and is terminated to an End User Customer of the other Party physically located in the same Exchange Area, where each Party directly provides Local Exchange Service.
- 1.2 This Attachment also describes the physical architecture for the interconnection of the Parties' facilities and equipment for the transmission and routing of wireline Telecommunications Traffic exchanged between the Parties and the compensation for such facilities and traffic exchanged.
- 1.3 Traffic that is exchanged through an Interexchange Carrier (IXC) is not covered under this Agreement. Any traffic that is not Local, EAS, or ISP-Bound Traffic will be considered toll traffic and subject to Switched Access Service tariffs.
- 1.4 Neither Party is promoting dial up ISP services. Bresnan does not offer such services to their end user customers and agrees not to offer dial up ISP access service to third Parties. UBET is promoting broadband ISP services and migrating away from dial up ISP. Therefore, ISP Bound traffic is diminishing overall and it is neither Party expects to exchange ISP Bound traffic between the two networks. The terms of this Agreement shall apply to de minimis amounts of ISP Bound traffic. If ISP Bound Traffic exceeds 50,000 minutes for three months, the Parties shall negotiate terms specific to ISP Bound Traffic. No compensation shall be billed for such ISP Bound traffic during such negotiations.

2. Responsibility for Traffic

- 2.1 Bresnan is solely responsible for all traffic that Bresnan exchanges with UBET over the facilities established by this Agreement, including but not limited to local voice traffic, IP-Enabled Traffic, ISP-Bound Traffic and toll traffic of Bresnan's End Users. Bresnan shall not provision any of its services in a manner that permits the circumvention of UBET's applicable Switched Access Service charges. Bresnan agrees to be responsible for and pay its portion of the Interconnection Facilities, and all Reciprocal Compensation and Switched Access Charges associated with all traffic that Bresnan exchanges with UBET.
- 2.2 Bresnan agrees that it will not provide nor terminate any traffic where the End User Customer is able to move its service location ("Nomadic Traffic"). Such traffic is not permitted in this Agreement. Bresnan warrants that the services it provides to End User Customers in UBET's Local Calling Area, by tariff or contract, require the service provided to the End User Customers to be only from a fixed location at each End User Customer's principal service address located in UBET's Local Calling Area. If Nomadic Traffic is delivered by a Party it shall be

subject to Switched Access Service charges pursuant to the highest applicable UBET's tariffed Switched Access Service rates.

- 2.3 Bresnan provides Public Telecommunications Services as defined under Utah Code under this Agreement to End User Customers directly. Neither Party owns an access tandem that is listed in the LERG, therefore neither Party shall charge the other any tandem transit fees.
- 2.4 Each Party agrees that it is responsible for implementing the proper Signaling and Signaling Parameters for determining the correct classification of traffic pursuant to Section 6 of this Attachment.
- 2.5 The delivery of traffic that has had Signaling or Signaling Parameters stripped, altered, modified, added, deleted, changed, and/or incorrectly assigned ("Misclassified Traffic") is prohibited under this Agreement. Due to the technical nature of its origination, certain traffic that is not Misclassified Traffic may be properly transmitted without all the Signaling and Signaling Parameters pursuant to section 6 of this Attachment ("Unclassified Traffic").
- 2.6 If the percentage of total call traffic transmitted with Signaling and Signaling Parameters in a given month falls below 95%, the Party originating such traffic agrees to pay the terminating Party's highest applicable Switched Access Service rates for all Unclassified Traffic for the applicable month.
- 2.7 If the Terminating Party has been notified of the Misclassified or Unclassified traffic via billing according to Section 2.6, the Parties agree that if it is determined that more than two percent (2%) of the total traffic delivered by an originating Party during any consecutive three (3)-month period is Misclassified Traffic, such Party shall be in Default of this Agreement. To the extent that the Parties have enlisted the Dispute Resolution procedures pursuant section 13 of the General Terms and Conditions to determine the proper treatment of the traffic, a Default shall not occur while such dispute is pending. Each Party shall make a good faith effort to resolve any such pending dispute within a reasonable time period.
- 2.8 Each Party shall take all reasonable steps to correct the causes of misrouted toll traffic, misidentified traffic, Misclassified Traffic and Unclassified Traffic. Such traffic shall be rerouted to toll trunk groups and properly identified. This obligation applies during the pendency of a dispute.
- 2.9 In addition to the audit provisions of Section 9.7 of the General Terms and Conditions, or in the event of a dispute with regard to Misclassified Traffic, each Party shall have the right to audit the other Party's records to ensure that no traffic is misrouted, misclassified, or is otherwise in circumvention of Switched Access Service charges. Both Parties shall cooperate in providing the records required to conduct such audits. Upon request, the audited Party will cooperate in identifying the physical location of the End User Customer originating or terminating the call. No Party shall have the right to conduct an audit more than one time in a consecutive six-month period.

3. Physical Connection

3.1 The Parties agree to physically connect their respective networks, at POI(s) so as to furnish Local, EAS, and ISP-Bound Traffic between Bresnan End User Customers and UBET End User Customers only in the Exchange Areas stated in Exhibit 1, attached hereto and incorporated herein for all purposes. Bresnan may request additional UBET exchanges for which it is certified by providing notice and the Parties shall negotiate an amendment to this Agreement. This Agreement is expressly limited to the transport and termination of Local, EAS, and ISP-Bound Traffic originated and terminated to End User Customers at the POI located at the 2495 East Highway 40, Vernal, Utah (“Bresnan Headend”).

3.2 Direct Interconnection Facilities between the Parties’ networks shall be provisioned as two-way interconnection trunks. The dedicated interconnection facilities shall meet the Telcordia BOC Notes on LEC Network Practice No. SR – TSV – 002275.

3.4 Physical Interconnection

3.4.1 UBET deploys in its network End Office Switches and Remote Switches.

3.4.2 Trunk Types

3.4.2.1 Local Interconnection Trunks

3.4.2.1.1 The Parties will establish a local trunk group for the exchange of Local Traffic, EAS Traffic, and ISP-Bound Traffic (“Local Interconnection Trunks”) on the Direct Interconnection Facility. The Parties agree that all Local Traffic, EAS Traffic and ISP-Bound Traffic exchanged between them will be on trunks exclusively dedicated to such traffic. Neither Party will terminate InterLATA toll traffic or originate untranslated traffic to service codes (e.g., 800, 888) over Local Interconnection Trunks.

3.4.2.1.2 If the Parties’ originating Local Traffic, EAS Traffic and ISP-Bound Traffic is exchanged utilizing the same two-way Local Interconnection Trunk, both Parties will mutually coordinate the provisioning and quantity of trunks to be utilized in this arrangement according to the UBET Procedures.

3.4.2.2 Direct End Office Trunks

3.4.2.2.1 Direct End Office Trunk Group(s) (Direct EO Trunks) transport traffic in the geographic area covered by the exchanges listed in Exhibit 1 of this Attachment.

3.4.2.2.2 All traffic received by UBET on the Direct EO Trunk from Bresnan must terminate in the End Office, i.e., no Tandem

switching will be performed in the End Office, including transiting to other carriers connected to that end office.

3.4.2.3 Toll Trunks

3.4.2.3.1 Toll traffic shall not be routed on the Local Interconnection Trunks. Separate trunk groups for such toll traffic must be established on separate transport facilities. Standard Switched Access Service compensation arrangements from UBET's respective tariffs will apply to traffic terminated over the toll trunks.

3.4.2.3.2 Bresnan shall route appropriate traffic to the respective UBET switches on the trunk groups as specified in this Attachment. UBET shall route appropriate traffic to Bresnan switches on the trunk group or trunk groups as specified in this Attachment.

3.4.2.4 Other Trunk Types: 911 Trunks

3.4.2.4.1 Bresnan shall be responsible for establishing all necessary 911 trunks for its End User Customer traffic with the appropriate Public Safety Answering Points. Bresnan may purchase transport for such 911 trunks from UBET subject to applicable tariff rates.

3.5 The Parties will mutually agree on the appropriate sizing of the transport facilities. The capacity of transport facilities provided by each Party will be based on mutual forecasts and sound engineering practice, as mutually agreed to by the Parties. Bresnan will order trunks in the agreed-upon quantities via an Access Service Request ("ASR") according to UBET's Procedures.

3.6 If Bresnan's request requires UBET to build new facilities (e.g., install new fiber), Bresnan will bear the cost of construction. Payment terms for such costs will be negotiated between the Parties on an individual case basis. No Party will construct facilities that require the other Party to build unnecessary facilities.

3.7 Interface Types:

3.7.1 If the POI has an electrical interface, the interface will be DS1 or DS3 as mutually agreed upon by the Parties.

3.7.2 When a DS3 interface is agreed to by the Parties, Bresnan will provide any multiplexing required for DS1 facilities or trunking.

3.8 Programming:

3.8.1 It shall be the responsibility of each Party to program and update its own switches and network systems pursuant to the LERG guidelines to

recognize and route traffic to the other Party's assigned NPA-NXX codes. Neither Party shall impose any fees or charges whatsoever on the other Party for such activities.

3.9 Equipment Additions:

Where additional equipment is required, such equipment will be obtained, engineered, and installed on the same basis and with the same intervals as any similar growth job for the Parties' internal customer demand.

4. Compensation

4.1 Facilities Compensation

4.1.1 For Direct Interconnection Facilities, Bresnan may utilize a its own facilities, lease facilities from UBET or lease facilities from a third party to reach the POI.

4.1.2 Each Party shall be responsible for all costs of the Direct Interconnection Facilities on its side of the POI. Each Party is responsible for any transport, transiting, or switching charges assessed by any third party on its respective side of the POI. Neither Party shall have any obligation to bear any charges, expenses or other costs assessed in connection with transporting, transiting or switching traffic on the other Party's side of the POI.

4.1.3 If Bresnan chooses to lease Direct Interconnection Facilities from the UBET to reach the POI, Bresnan shall compensate UBET for such leased Direct Interconnection Facilities used to interconnect with UBET's network for the transmission and routing of Local Traffic, EAS Traffic and ISP-Bound Traffic at the rates contained in the Pricing Attachment of this Agreement.

4.1.4 In the event UBET is required to modify its network to accommodate the interconnection request made by Bresnan, Bresnan agrees to pay UBET reasonable charges for such modifications. If Bresnan uses a third party network provider to reach the POI, Bresnan will bear all third party carrier charges for facilities and traffic in both directions on its side of the POI. Bresnan may utilize said third party facilities to establish interconnection with UBET only if the third party facilities are dedicated facilities used only for Bresnan's traffic under this Agreement and such facilities connect with UBET at the POI.

4.2 Traffic Termination Compensation

4.2.1 This Section 4.2.1 is expressly limited to the transport and termination of Local Traffic, and EAS Traffic originated by and terminated to End User Customers of the Parties in this Agreement. The originating Party shall

pay a minute of use intercarrier compensation rate listed in the Pricing Attachment for all traffic it originates.

4.2.3 In addition to the intercarrier compensation rate, Bresnan shall pay a flat rate per line listed in the Pricing Attachment for EAS traffic for the additional EAS exchanges beyond Vernal. Both Parties shall follow the procedures in the UTMA Procedures for the EAS billing.

4.2.4 Unless otherwise specifically addressed in this Agreement, compensation for all other traffic exchanged between the Parties will be in accordance with each Party's Switched Access Service tariffs. In no event shall UBET pay Bresnan Switched Access Service rates that are higher than UBET's Switched Access Service rates.

4.3 For the purposes of compensation under this Agreement, jurisdiction of IP-Enabled Traffic is determined by the physical location of the End User Customer originating IP-Enabled Traffic. Signaling information associated with IP-Enabled Voice Traffic must comply with Section 6 of this Interconnection Attachment.

4.4 Neither Party shall represent Switched Access Service traffic as Local Traffic, EAS Traffic or as ISP-bound Traffic for any purpose.

4.5 Transit Traffic Compensation

Neither Party has a Tandem switch listed in the LERG, therefore there is no Tandem Transit traffic between the Parties. Neither Party shall charge the other any transiting fees.

5. Routing

5.1 Both Parties will route traffic in accordance with Telcordia Traffic Routing Administration (TRA) instructions.

5.2 Both Parties shall adhere to the North American Numbering Plan (NANP) guidelines for wireline services. Both Parties agree to assign telephone numbers from an NPA-NXX Code(s) only to an End User Customer at an End User Customer Location located inside the Rate Center with which the NPA-NXX Code(s) is associated, except in cases where either Party offers a Foreign Exchange (FX) Service. For purposes of this Agreement, Foreign Exchange Service means a service provided over a dedicated facility to an End User Customer from an Exchange Area or Rate Center Area other than the Exchange Area or Rate Center Area from which the End User Customer would normally be served. The exchange of Virtual NXX traffic is not permitted under this Agreement. Traffic associated with the FX customers shall be identified to the other Party and shall be subject to the other Party's originating or terminating Switched Access Charges. Any FX or VNXX calls shall have the jurisdiction of the physical location of the customer. As such, access charges shall apply to such calls.

- 5.3 The Parties shall not route ISP-Bound traffic to each other.
- 5.4 The Parties agree to route all Local and EAS wireless traffic directly to the wireless carriers. However, if a wireless carrier, contrary to the LERG routes calls destined for Bresnan customers to UBET, UBET shall attempt to complete such calls. Bresnan is responsible for negotiating any necessary interconnection arrangements directly with the wireless carriers. UBET will not be responsible for any intercarrier compensation payments to Bresnan for such wireless traffic. Bresnan shall be responsible for billing the wireless carrier for any intercarrier compensation associated with such calls.
- 5.3 Neither Party shall route un-translated traffic to service codes (e.g., 800, 888, 900) over the Local Interconnection Trunks.
- 5.4 N11 Codes: Neither Party shall route un-translated N11 codes (e.g., 411, 611, 711, and 911) to the other party over Interconnection Facilities.

6. Signaling

- 6.1 Each party shall provide accurate Calling Party Number (“CPN”) and JIP associated with the End User Customer originating the call.
 - 6.1.1 Accurate CPN is:
 - 6.1.1.1 CPN that is a dialable working telephone number, that when dialed, will reach the End User Customer to whom it is assigned, at that End User Customer’s Location.
 - 6.1.1.2 CPN that has not been altered.
 - 6.1.1.3 CPN that is not different than the originating number.
 - 6.1.1.4 CPN that follows the North American Numbering Plan Standards for wireline traffic and can be identified in numbering databases and the LERG as an active number.
 - 6.1.1.5 CPN that is assigned to an active End User Customer.
 - 6.1.1.6 CPN that is associated with the UBET Rate Center Area of the specific End User Customer Location.
 - 6.1.2 JIP shall be populated as follows:
 - 6.1.2.1 The SS7 JIP parameter must be populated in the Initial Address Message (IAM) of all wireline calls.
 - 6.1.2.2 The JIP must be populated such that the JIP used for a given call can be populated with an NPA-NXX that is specific to both the

switch as well as the state and LATA of the physical location of the caller. In addition, Local and EAS Traffic should have a JIP associated with the Vernal Exchange.

6.1.2.3 When call forwarding occurs, the forwarded from Directory Number (DN) field must be populated, the JIP will be changed to a JIP associated with the forwarded from DN and the new called DN will be inserted in the IAM.

6.2 Signaling:

The Parties will connect their networks using SS7 signaling as defined in applicable industry standards including ISDN User Part (“ISUP”) for trunk signaling and Transaction Capabilities Application Part (“TCAP”) for common channel signaling-based features in the connection of their networks. Each Party shall ensure that CPN is available for at least 95% of the calls it terminates to the other Party. Signaling information shall be shared, upon request, between the Parties at no charge to either Party.

6.3 Signaling Parameters:

The Parties agree to utilize SS7 Common Channel Signaling (“CCS”) between their respective networks for the traffic addressed in this Agreement in order to process, track and monitor the traffic. Each Party will provide CCS connectivity in accordance with accepted industry practice and standard technical specifications. For all traffic exchanged, the Parties agree to cooperate with one another and to exchange all appropriate CCS messages, for call set-up, including without limitation ISDN User Part (“ISUP”), Transaction Capability User Part (“TCAP”) messages and Jurisdictional Indicator Parameter (“JIP”) to facilitate interoperability of CCS-based features and functions between their respective networks, including CLASS features and functions. Each Party will provide all CCS signaling parameters, including, but not limited to the originating CPN, in conjunction with all traffic it exchanges to the extent required by industry standards.

6.4 In addition to the Parties’ obligation to deliver traffic with accurate signaling parameters, each month, any Party responsible for any IP-Enabled Traffic will provide, in electronic format acceptable to the other Party, a call detail record for each IP-Enabled call delivered by the Party for termination. Such call detail records shall contain, at a minimum, the following information: Message Date (MM/DD/YY); Originating Number; Terminating Number; Terminating LRN; Connect Time; and Elapsed Time. Additionally the Party responsible for any IP-Enabled Traffic agrees to provide information sufficient to accurately classify the traffic (Local Traffic, EAS, Intrastate Switched Access (includes IntraLATA Toll), Interstate Switched Access, and such other information as may be reasonably required by the terminating Party to classify the traffic.

7. Network Management

7.1 Network Management and Changes:

Both Parties will work cooperatively with each other to install and maintain the most effective and reliable interconnected telecommunications networks, including but not limited to, the exchange of toll-free maintenance contact numbers and escalation procedures. Both Parties agree to provide notice of changes in the information necessary for the transmission and routing of services using its local exchange facilities or networks, as well as of any other changes that would affect the interoperability of those facilities and networks. Details of network technical specifications, forecasting, and trunk implementation shall be in accordance with the UBET Procedures.

7.2 Grade of Service:

Each Party will provision their network to provide a designed blocking objective of a P.01.

7.3 Protective Controls:

Either Party may use protective network traffic management controls such as 7-digit or 10-digit code gaps, as applicable, on traffic towards each Party's network, when required to protect the public switched network from congestion or failure, or focused overload. Bresnan and UBET will immediately notify each other of any protective control action planned or executed.

7.4 Mass Calling:

Both Parties will cooperate and share pre-planning information regarding cross-network call-ins expected to generate large or focused temporary increases in call volumes. The Parties agree that the promotion of mass calling services is not in the best interest of either Party. If one Party's network is burdened repeatedly more than the other Party's network, the Parties will meet and discuss the cause and impact of such calling and will agree on how to equitably share the costs and revenues associated with the calls and on methods for managing the call volume.

7.5 Network Harm:

Neither Party will use any service related to or provided in this Agreement in any manner that interferes the use of the other Party's service, impairs the quality of service to other carriers or to either Party's End User Customers; causes electrical hazards to either Party's personnel, damage to either Party's equipment or malfunction of either Party's billing equipment (individually and collectively, "Network Harm"). If a Network Harm will occur, or if a Party reasonably determines that a Network Harm is imminent, such Party will, where practicable, notify the other Party that temporary discontinuance or refusal of service may be required, provided, however, wherever prior notice is not practicable, such Party may temporarily discontinue or refuse service forthwith, if such action is

reasonable under the circumstances. In case of such temporary discontinuance or refusal, such Party will:

- 7.5.1 Promptly notify the other Party of such temporary discontinuance or refusal;
- 7.5.2 Afford the other Party the opportunity to correct the situation which gave rise to such temporary discontinuance or refusal; and
- 7.5.3 Inform the other Party of its right to bring a complaint to the Commission, FCC, or a court of competent jurisdiction.

OPERATIONS ATTACHMENT

1. ORDERING

1.1. Ordering.

Bresnan shall submit local service request (LSR) to UBET according to the UBET Procedures.

1.2. The required fields of the LSR consist of: Account Number, Telephone Number, Pass Code (if applicable), Zip Code, Customer Carrier Name Abbreviation, Purchase Order Number, Desired Due Date/Time, Requisition Type, Company Code, Telephone Number (Initiator), End-User Customer Line Treatment, New Network Service Provider, End User Customer name, address and Supplemental Order Notice and Version (if applicable). The Parties agree to also include the on a LSR.

1.3. The Bresnan will incur a service order charge for submitting a LSR as listed in the Pricing Attachment. Any special handling of the service order such as coordinated conversions shall be at additional charge in addition to the standard service order fee. UBET will bill a service order charge, as applicable, for a LSR, regardless of whether that LSR is later supplemented, clarified or cancelled.

2. PROVISIONING

2.1. The Parties shall provision services during its regular working hours. To the extent NSP requests provisioning of service to be performed outside OSP regular working hours, or the work so requested requires OSP's technicians or project managers to work outside of regular working hours, overtime charges shall apply as specified in the Pricing Attachment of this Agreement.

2.2. Cancellation Charges. If the NSP cancels a LSR any costs incurred by OSP in conjunction with the provisioning of that request will be recovered in accordance with the Labor rates specified in the Pricing Attachment to this Agreement.

2.3. Order Change Charges. If either Party modifies an order after being sent a Firm Order Confirmation (FOC) from the other Party, the Order Change Charge specified in this Agreement will be paid by the modifying Party in accordance with Labor Rate specified in the Pricing Attachment of this Agreement.

2.4. Access to Inside Wire.

2.4.1. Bresnan is responsible for accessing customer premise wiring without disturbing UBET plant or facilities. In no case shall Bresnan remove or disconnect the loop facilities, or ground wires from the UBET NIDs, enclosures, or protectors. If Bresnan removes UBET loop in violation of this Agreement, Bresnan will hold UBET harmless for any liability associated with the removal of the UBET loop or ground wire from the UBET NID. Furthermore, Bresnan shall not remove or disconnect NID modules, protectors, or terminals from UBET NID enclosures, nor

cut or disconnect any other leads in the NID. In all cases, Bresnan shall provide all facilities necessary to connect its facilities with the End User Customer premise wiring. If Bresnan requests a different form of access, or requests any form of upgrade or rearrangement, such work will be subject to a bona fide request process, and Time and Materials charges shall apply.

3. MAINTENANCE AND REPAIR

3.1. Requests for trouble repair are billed in accordance with the provisions of this Agreement. The Bresnan agree to adhere to the procedures for maintenance and repair in the UBET Procedures.

3.2. If Bresnan reports a trouble and no trouble actually exists on UBET's portion of the service ("no trouble found"), the UBET will charge Bresnan for any dispatching and testing (both inside and outside the Central Office (CO) required by UBET in order to confirm the working status.

4. SERVICE STANDARDS

4.1. Both Parties will comply with the Commission standards and quality of service when providing service to the other Party.

5. CUSTOMER TRANSFER.

5.1. Service orders of both Parties will be in a standard format designated in accordance with industry standards and UBET's Procedures. All ordering and provisioning and maintenance activity conducted pursuant to this Agreement should follow the applicable industry standards which include: Local Service Ordering Guidelines (LSOG) developed in the Ordering and Billing Forum (OBF) at the Alliance of Telecommunications Industry Solutions (ATIS) and approved North American Numbering Council (NANC) procedures and guidelines concerning Local Number Portability (LNP) processes.

5.2. Letter of Authorization.

5.2.1. The Parties agree that it will not submit an order to move an End User Customer's service from one Party to the other Party without the End User Customer's permission, and that the requesting Party has verification from the End User Customer a Letter of Authorization (LOA), etc. that the End User Customer has agreed to the change in service. LOA's will be submitted according to the UBET Procedures.

5.2.2. If, based on an End User Customer complaint, either Party (the "Complaining Party") determines that the other Party (the "Changing Party") has submitted an unauthorized change in local service, the Parties will reestablish service for the End User Customer with the appropriate local service provider. The Complaining Party will notify the Changing Party of the End User Customer complaint, and the

Changing Party may provide proof that the change was authorized. Such proof is required regardless of whether the End User Customer is a customer of the Changing Party. If the Changing Party is unable to provide such proof, the Complaining Party may assess the Changing Party, as the Party initiating the unauthorized change, all costs to re-establish service with the Complaining Party according to Utah code 54-8b-18 section 14. No charges will be assessed if the Changing Party provides proof that the change was authorized.

6. LOCAL NUMBER PORTABILITY

- 6.1. Number portability is the ability of users of Telecommunications Services to retain, at the same location, existing telecommunications numbers when switching from one telecommunications carrier to another. In order for a port request to be valid, the End User Customer must retain his or her original number; be located at the same location before and after the port; and be served directly by the Telecommunications Carrier requesting the port with a Telecommunications Service.
- 6.2. The Parties agree that the industry has established Local Routing Number (LRN) technology as the method by which LNP will be provided in accordance with such rules, regulations and guidelines. As such, the Parties agree to provide to each other number portability via LRN.
- 6.3. This Agreement does not govern geographic portability where the End User Customer moves outside the Rate Center Area. Geographic portability is not allowed under this Agreement. If the End User Customer ceases to be physically located within the Rate Center Area associated with the ported number, Bresnan must terminate service and assign a new number to the End User Customer appropriate to the new Rate Center Area in which the End User Customer is physically located.
- 6.4. The Parties agree to comply with Commission rules and UBET procedures concerning LNP.
- 6.5. N-1 Query.
 - 6.5.1. Each Party is responsible for performing its N-1 query obligations. UBET does not perform N-1 queries on default routed calls.
- 6.6. Coordinated Cutovers.
 - 6.6.1. Coordinated Cutover will be provided by UBET based on time and expense charges.
- 6.7. Obligations of Both Parties.
 - 6.7.1. NSP is responsible for advising the NPAC of telephone numbers that it ports in and the associated data as identified in industry forums as being required for number portability.

- 6.7.2. Neither Party shall commence any service porting unless and until this Interconnection Agreement is approved and the Parties have established a conforming, functional direct network interconnection pursuant to the Interconnection Attachment.
- 6.7.3. When a ported telephone number becomes vacant, e.g., the telephone number is no longer in service by the original End User Customer; the ported telephone number will be released back to the carrier who is the code holder or block holder. The Telephone number shall not be re-assigned to a different End User Customer.
- 6.7.4. Each Party shall become responsible for the End User Customer's other telecommunications related items, e.g. E911, Directory Listings, Operator Services, Line Information Database (LIDB), when they port the End User Customer's telephone number to their switch.
- 6.7.5. The LRN associated with the ported number associated with OSP's Local area shall be derived from an NPA-NXX within the same Local areas.
- 6.7.6. Each Party is solely responsible for submitting requests to port numbers to the other Party.

7. SPECIAL REQUESTS

If Bresnan has any special requests that are not included in this agreement but related to functions performed in this agreement, UBET may charge for any such special requests on an individual case basis..

8. RATES

All charges applicable to records, ordering, provisioning and maintenance and repair, shall be as set forth in the Pricing Attachment to this Agreement.

9. 911/E-911 ARRANGEMENTS

- 9.1. Bresnan is responsible for connecting to State authorize provider of 911 and 911 database functions. Bresnan shall be responsible for directly inputting its end user customer information into the database. All relations between State authorize provider(s) and Bresnan are totally separate from this Agreement and UBET makes no representations on behalf of State authorize provider(s)
- 9.2. UBET is not liable for errors with respect to Bresnan's provision of 911/E-911 services to Bresnan's End User Customers.

10. DIRECTORY

Bresnan is responsible for its own arrangements for white page listings. Bresnan shall take responsibility for its listings with the directory provider on the due date of the customer transfer.

11. DIRECTORY ASSISTANCE

Bresnan is responsible for its own arrangements for directory assistance. Bresnan shall take responsibility for its listings with the directory assistance provider on the due date of the customer transfer.

12. TOLL AND ASSISTANCE OPERATOR SERVICES

Bresnan is solely responsible for its end user access to toll and operator services.
