RE: Status Report – Docket 09-2270-01 All West Communications Application for a Rate Increase and USF Eligibility

On January 22, 2009, All West Communications filed an Application with the Commission for a rate increase and an increase in USF eligibility. The Division has received the application and is in the process of reviewing the information provided by the Applicant. The Division has issued one data request to the applicant, seeking 2008 audited financial information. These data have not yet been received by the Division; however, company representatives have indicated the information will be available by the end of this week.

The Division will continue the investigation and will provide a recommendation to the Commission once the investigation is completed.
