AFFIDAVIT OF RENÉE ALBERSHEIM

STATE OF COLORADO)
) ss.
COUNTY OF DENVER)

I, RENÉE ALBERSHEIM, being first duly sworn, depose and state that:

1. My name is Renée Albersheim. I am employed by Qwest Corporation as a Staff Witnessing Representative. My business address is 1801 California St., Suite 2400, Denver, Colorado 80202.

2. Subsequent to and in adherence to terms of the "Multi-State Settlement Agreement Regarding Wire Center Designations and Related Issues" which was adopted by the Commission in the Commission's July 31, 2008 Report and Order ("TRRO Order") in the Commission's initial TRRO non-impaired wire center proceeding (Docket No. 06-049-40), Qwest filed a list of additional Non-Impaired Wire Centers on June 14, 2010.

3. In support of the filing, Qwest has prepared business line data that is in compliance with the requirements of the *Triennial Review Remand Order* ("TRRO"), and that followed the methodology defined in Section V(A) of the

Settlement Agreement. The Utah business access line data are attached hereto as Highly-Confidential Attachments A, B, C and D to my affidavit.

4. Highly-Confidential Attachment A includes the December 2009 *TRRO* business line counts, by line type, for each additional non-impaired wire center that is classified as non-impaired based on the number of business lines. These data are based on the *TRRO* business line methodology defined in Section V(A) of the Settlement Agreement. These data are provided in a form that meets the requirements defined in Section VI(E)(2)(a) of the Settlement Agreement.

5. Highly-Confidential Attachment B includes unbundled loop (“UNE-L”) and Enhanced Extended Link (“EEL”) data by type of circuit (voice grade, DS1, DS3) for each additional non-impaired wire center that is classified as non-impaired based on the number of business lines. These data, along with the data in Highly-Confidential Attachment C, meet the requirements defined in Section VI(E)(2)(b) of the Settlement Agreement.

6. Highly-Confidential Attachment C includes the UNE-L and EEL data by type of circuit (voice grade, DS1, DS3) and by Competitive Local Exchange Carrier (“CLEC”) for each additional non-impaired wire center that is classified as non-impaired based on the number of business lines. These data, along with the data in Highly-Confidential Attachment B, meet the requirements defined in Section VI(E)(2)(b) of the Settlement Agreement.

7. Highly-Confidential Attachment D includes the Qwest Platform Plus (“QPP”) business line data, by CLEC, for each additional non-impaired wire center that is classified as non-impaired based on the number of business

lines. These data meet the requirements defined in Section VI(E)(2)(c) of the Settlement Agreement.

8. All of the data provided in Highly-Confidential Attachments A, B, C and D are prepared, to the best of my knowledge, in a manner that complies with the requirements of the *TRRO* and the methodology defined in Section V(A) of the Settlement Agreement. All of the data provided in Highly-Confidential Attachments A, B, C and D are also prepared in a form that meets the supporting data requirements defined in Section VI(E)(2) of the Settlement Agreement.

Further affiant sayeth not.
