Re: Sprint Spectrum, LLC fka Sprint Spectrum, LP (Sprint PCS) - Deactivation of Utah Universal Service Fund Account

Sprint Spectrum LLC ("Sprint Spectrum") requests that its Utah Universal Service Fund Account be deactivated, effective immediately.

Sprint Spectrum is a legacy entity of Sprint and was operating as a wireless radio common carrier provider in the state of Utah. Sprint Spectrum ceased providing wireless operations in 2023. During 2023, Sprint Spectrum customers were gradually transferred to T-Mobile West LLC ("T-Mobile West"), an affiliate operating in the state of Utah as T-Mobile. T-Mobile West continues to file USF reports which include former Sprint Spectrum subscriber connections.

Sprint Spectrum last filed a USF report with subscriber connections in October 2023. Sprint Spectrum has continued to submit USF filings with no subscriber connections and is current with all commission requirements and assessments. Sprint Spectrum desires to be relieved and removed from any future filing obligations or remittances.
