

ATTACHMENT 3
NOTICE OF DISCONTINUANCE PROVIDED TO AFFECTED CUSTOMERS

Dear Customer,

This letter will serve as formal notice that American Fiber Network, Inc. (“AFN”) will discontinue its provision of all services, including local, long distance, Internet, VoIP, and payphone services, in Utah on February 10, 2011.

AFN is providing you with notice of our discontinuance of service in order to ensure that you will have ample time to make other arrangements for replacement service. Please note that services will not be transferred automatically to another carrier. In order for you to maintain uninterrupted service, you must make arrangements with an alternative service provider well in advance of the termination date. You should begin that process immediately.

The Federal Communications Commission (“FCC”) will normally authorize this proposed discontinuance of service unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments as soon as possible, but no later than 15 days after the FCC releases public notice of the proposed discontinuance. Address them to the Federal Communications Commission, Wireline Competition Bureau, Competition Policy Division, Washington, DC 20554, and include in your comments a reference to the § 63.71 Application of AFN. Comments should include specific information about the impact of this proposed discontinuance upon you or your company, including any inability to acquire reasonable substitute service.

If you have any questions regarding the information above, customer refunds, or finding replacement providers, please contact AFN:
