|---|--|

Bresnan Broadband of Utah, LLC (“Bresnan”), by and through undersigned counsel, hereby submits this Verified Application to terminate its Certificate of Public Convenience and Necessity to provide public telecommunications services within the Vernal exchange, in and around Vernal, Utah pursuant to Utah Code Ann. §54-8b-1 *et seq.* This Verified Application is supported by the affidavit of Mr. Alex Harris, attached hereto and incorporated by reference.

I. INTRODUCTION

Bresnan is a limited liability company organized under the laws of the State of Utah with its principal place of business in Cedar City, Utah. Bresnan is a wholly-owned subsidiary of Bresnan Communications, LLC, which in conjunction with its subsidiaries, provides cable and telecommunication services to more than 300,000 customers in Colorado, Wyoming, Montana and Utah.

On November 16, 2007, the Public Service Commission of Utah (“Commission”), pursuant to the Utah Code Ann. §54-8b-2.1, *et. seq.*, issued a Certificate of Public Convenience and Necessity (“CPCN”) authorizing Bresnan to provide public telecommunications services within the Vernal exchange in and around Vernal, Utah (“Vernal CPCN”). The Commission has also issued Bresnan a CPCN to provide public telecommunications services within the Cedar City area in Utah.

B. Termination of the Vernal CPCN

Bresnan serves no customers and derives no revenue in the Vernal area.¹ On May 5, 2010, Bresnan sold its cable facilities in Vernal and Naples, Utah to Uintah Basin Electronics Telecommunications, an affiliate of UBTA-UBET Communications, Inc. As a result, Bresnan will never serve customers in the Vernal area and believes it is in the public interest to terminate the Vernal CPCN. Bresnan does intend to continue to operate in Cedar City and requests that the termination of the Vernal CPCN have no effect on Bresnan's authority to continue to offer service in Cedar City.

III. CONCLUSION

For these reasons, Bresnan respectfully requests that the Commission terminate the Certificate of Public Convenience and Necessity authorizing Bresnan to provide public telecommunications services within the Vernal exchange in and around Vernal, Utah.

DATED this 28th day of June, 2010.

¹ Bresnan has never provided telecommunications service pursuant to its CPCN in the Vernal area. Therefore, Bresnan does not believe it is required to file an Application to Discontinue Telecommunications Services pursuant to Utah. Admin. Code §746-350.
