**Re: Transfer of Control of Bresnan Broadband of Wyoming, LLC and Associated  
Certificates of Public Convenience and Necessity for Providing Competitive  
Telecommunications Services**

Dear Mr. Petrie:

This letter is to provide notice to the Wyoming Public Service Commission (“Wyoming PSC”) of the impending indirect transfer of control of Bresnan Broadband of Wyoming, LLC (“Bresnan Wyoming”) due to the proposed merger of its ultimate parent company, Bresnan Broadband Communications, LLC (“Bresnan Broadband”) with a wholly-owned subsidiary of Cablevision Systems Corporation (“Cablevision”). As a result of the merger, Bresnan Broadband will become a wholly-owned subsidiary of Cablevision, giving Cablevision indirect control of Bresnan Wyoming, which has been issued certificates of public convenience and necessity (“CPCNs”) to provide local exchange telecommunications services in Wyoming.<sup>1/</sup>

Cablevision is a leading telecommunications, media, and entertainment company with a portfolio of operations that includes advanced digital cable television services, voice and high-speed Internet services, and local media and programming services. In addition to its position as the fifth largest cable television system operator in the United States, Cablevision also possesses

---

<sup>1/</sup> The following is a more detailed description of the transaction resulting in the indirect transfer of control of Bresnan Wyoming: On June 13, 2010, BBHI Holdings LLC (“Holdings Sub”), a Delaware limited liability company, BBHI Acquisition LLC (“Acquisition Sub”), a Delaware limited liability company, and CSC Holdings, LLC (“CSC Holdings”), a Delaware limited liability company, each of which are wholly owned subsidiaries of Cablevision Systems Corporation (“Cablevision”), entered into an Agreement and Plan of Merger (“Merger Agreement”) with Bresnan Broadband Holdings, LLC (the “Company”), and Providence Equity Bresnan Cable LLC. Pursuant to the Merger Agreement, Holdings Sub has agreed to acquire the Company and its subsidiaries (collectively, “Bresnan”) on the terms set forth in the Merger Agreement. Pursuant to the Merger Agreement, at the closing the Acquisition Sub will merge with and into the Company, with the Company being the surviving limited liability company. The Company will become a direct wholly owned subsidiary of Holdings Sub and an indirect wholly owned subsidiary of Cablevision. The closing is expected to occur after all necessary regulatory approvals have been obtained.

significant experience in successful management of competitive local exchange carriers through the longstanding operation of its Cablevision Lightpath subsidiary, which possesses CPCNs as a competitive local exchange carrier in Connecticut, New Jersey, and New York. Cablevision prides itself on the quality of its service to customers – a commitment exemplified by the recent award to Cablevision Lightpath of the New York Public Service Commission’s Commendation for Excellent Service for the twelfth consecutive year.

Cablevision anticipates no immediate change in the organizational structure of Bresnan Wyoming as a result of the indirect transfer of control, and the company will continue, without interruption, to operate under and within the requirements of the CPCNs issued to it by the Wyoming PSC. Those CPCNs provide Bresnan Wyoming with authority to provide local exchange telecommunications services in the service territories of Qwest Corporation,<sup>2/</sup> TCT West, Inc.,<sup>3/</sup> and RT Communications, Inc.<sup>4/</sup>

Further information regarding the benefits of the transaction is contained in the attached public interest statement that the parties are filing with the Federal Communications Commission.
