Re: Transfer of Control of Bresnan Broadband of Montana, LLC

Dear Ms. Whitney:

This letter is to provide notice to the Montana Public Service Commission (“Montana PSC”) of the impending indirect transfer of control of Bresnan Broadband of Montana, LLC (“Bresnan Montana”) and Bresnan Digital Services, LLC (“Bresnan Digital”) due to the proposed merger of their ultimate parent company, Bresnan Broadband Communications, LLC (“Bresnan Broadband”) with a wholly-owned subsidiary of Cablevision Systems Corporation (“Cablevision”). As a result of the merger, Bresnan Broadband will become a wholly-owned subsidiary of Cablevision, giving Cablevision indirect control of Bresnan Montana and Bresnan Digital, which are registered telecommunications services providers in Montana.^{1/}

Cablevision is a leading telecommunications, media, and entertainment company with a portfolio of operations that includes advanced digital cable television services, voice and high-speed Internet services, and local media and programming services. In addition to its position as the fifth largest cable television system operator in the United States, Cablevision also possesses significant experience in successful management of competitive local exchange carriers through the longstanding operation of its Cablevision Lightpath subsidiary, which possesses CPCNs as a competitive local exchange carrier in Connecticut, New Jersey, and New York. Cablevision

^{1/} The following is a more detailed description of the transaction resulting in the indirect transfer of control of Bresnan Montana and Bresnan Digital: On June 13, 2010, BBHI Holdings LLC (“Holdings Sub”), a Delaware limited liability company, BBHI Acquisition LLC (“Acquisition Sub”), a Delaware limited liability company, and CSC Holdings, LLC (“CSC Holdings”), a Delaware limited liability company, each of which are wholly owned subsidiaries of Cablevision Systems Corporation (“Cablevision”), entered into an Agreement and Plan of Merger (“Merger Agreement”) with Bresnan Broadband Holdings, LLC (the “Company”), and Providence Equity Bresnan Cable LLC. Pursuant to the Merger Agreement, Holdings Sub has agreed to acquire the Company and its subsidiaries (collectively, “Bresnan”) on the terms set forth in the Merger Agreement. Pursuant to the Merger Agreement, at the closing the Acquisition Sub will merge with and into the Company, with the Company being the surviving limited liability company. The Company will become a direct wholly owned subsidiary of Holdings Sub and an indirect wholly owned subsidiary of Cablevision. The closing is expected to occur after all necessary regulatory approvals have been obtained.

prides itself on the quality of its service to customers – a commitment exemplified by the recent award to Cablevision Lightpath of the New York Public Service Commission’s Commendation for Excellent Service for the twelfth consecutive year. Lightpath also provides voice and data services to major government clients, such as Westchester County, New York.

Cablevision anticipates no immediate change in the organizational structure of Bresnan Montana or Bresnan Digital as a result of the indirect transfer of control, and the companies will continue, without interruption, to operate within the requirements for registered telecommunications services established by the Montana PSC. Upon consummation of the merger transaction, Cablevision will provide any needed updates to the registrations with the PSC.

Further information regarding the benefits of the transaction is contained in the attached public interest statement that the parties are filing with the Federal Communications Commission.

Please contact the undersigned with any questions or need for additional information.

Respectfully submitted,
