*Re: In the Matter of Virgin Mobile USA, L.P. Petition for Limited Designation as an Eligible Telecommunications Carrier (Change in Lifeline Offering); Docket No. 10-2521-01*

Dear Ms. Ohta,

The Public Service Commission (PSC) reviewed the January 6, 2021 filing by Assurance Wireless USA, L.P. (“Assurance”) of an update to its Lifeline service offering. Assurance has increased its broadband Lifeline offering to include unlimited text, 1,400 voice minutes, and 4.5 GB of data per month. The PSC also reviewed the January 11, 2021 action request response filed by the Division of Public Utilities (DPU). DPU confirms Assurance’s offering complies with the Federal Communications Commission’s minimum service standards, and recommends the PSC acknowledge Assurance’s proposed changes to its Lifeline offering and allow the effective date to be January 15, 2021.

Based on the PSC’s review of the filing and DPU’s response, the PSC acknowledges receiving Assurance’s notice of changes to its Lifeline service offering as described in its January 6, 2021 filing.

Sincerely,

/s/ Gary L. Widerburg  
PSC Secretary
