RE: Docket No. 11-041-T06 Citizens Telecommunications Company of Utah d/b/a Frontier Communications of Utah filing to introduce Integrated Services Digital Network (ISDN)-Primary Rate Interface (PRI) Bundled new service.

ISSUE:

Citizens Telecommunications Company (Citizens) is filing this addition to its existing tariff, to introduce Integrated Services Digital Network (ISDN)-Primary Rate Interface (PRI) Bundled new service. ISDN is an optional business package that provides a digital trunk with 23 B-channels for circuit switched voice and data and 1 D-channel for signaling plus Caller ID and the option of direct inward dialing (DID) numbers.

RECOMMENDATION: Approve Tariff Modification

The Division has reviewed this modification for any rate increase to base rates that would require a rate hearing and has found none.

The Division therefore recommends that the tariff be approved and that this filing become effective on October 1, 2011.

cc: Raymond Deede, Manager, Government & External Affairs, Citizens Telecommunications of Utah
Dahnelle Burton-Lee, Assistant Attorney General, Utah Attorney General's Office
Marialie Martinez, Manager, Customer Service, Utah Division of Public Utilities
