Re: Docket No. 11-046-T01

Dear Mr. Cox:

The Commission previously approved an increase in rates and charges in Docket No. 08-046-01. For various reasons these changes are not yet effective. By this letter, these changes are approved to take effect October 1, 2011.

Since the rate increase order, the Company has proposed to decrease its Extended Service Area ("EAS") rates from \$3.41 to \$0.75 for business and residential customers, and to eliminate the \$2.00 Zone charge for customers living in Sterling, Utah. The Division of Public Utilities has recommended that the Commission accept these changes. Both changes are hereby approved effective October 1, 2011.

Sincerely,

/s/ Julie Orchard  
Commission Secretary  
D#210440
