Re: Utah Docket No. 13-050-T01, TARIFF: Navajo Communications Company (Navajo) filing to introduce General Rules and Regulations XX, Customer Incentive Program.

ISSUE:

On February 27, 2013 Navajo submitted a filing to introduce General Rules and Regulations XX, Customer Incentive Program. This program is available to attract new residential and business customers and to existing residential and business customers to encourage the retention or continuation of existing services by those existing customers. The program allows variable short-term incentives depending on the criteria outlined in General Rules and Regulations XX.

RECOMMENDATION: Do nothing. Proposed tariff change has been withdrawn by Navajo.

The DPU reviewed this filing with Navajo and, based on Utah statutes and Commission Rules, Navajo decided to withdraw the tariff change in a letter dated March 19, 2013.
