**Re: Letter from AT&T Requesting Relief from Utilization Requirements.
Docket Number 13-087-01**

Dear Ms. Wirth,

On August 19, 2013, the Utah Public Service Commission received a request for a waiver of Threshold Utilization and/or Months to Exhaust requirements by AT&T. The request is for three blocks of 1,000 sequential numbers in the 801/385 NPA, Ogden Rate Center, to meet the needs of a customer in the community.

Through correspondence, AT&T has substantiated a verifiable need for the requested numbers. The customer will assign 2,500 numbers within 180 days according to the communications plan AT&T has developed for the customer.

Based on the authority delegated to the states in paragraph 61 of the FCC's Third Report and Order on Numbering Resource Optimization, the Utah Public Service Commission grants AT&T's request for a waiver of the Threshold Utilization and/or Months to Exhaust requirements, thereby allowing PA/NeuStar to provide AT&T with the requested telephone numbers in the 801/385 NPA, Ogden Rate Center.

If you have further questions or comments, I can be reached by phone at (801) 530-6716.

Sincerely,

/s/ Gary L. Widerburg
