Re: Utah Docket No. 14-050-T03, TARIFF: Navajo
Communications Company filing to introduce Selective Call
Forwarding, Selective Call Acceptance, Multiple Simultaneous
Call Forward and Distinctive Ring features.

ISSUE:

On May 7, 2014 Navajo submitted a filing to introduce Selective Call Forwarding, Selective Call Acceptance, Multiple Simultaneous Call Forward and Distinctive Ring features.

RECOMMENDATION: Approve tariff filing.

The DPU reviewed this filing and has no objection to Navajo providing these features, since this type of change does not affect basic rates and does not require a rate hearing. The Division therefore recommends it become effective June 15, 2014 as requested.
