RE: Docket 14-2575-01. In the Matter of the Petition of Salt Lake County for assignment of 3-1-1 dialing code.

On September 4, 2014 Salt Lake County petitioned the Commission for approval to use the 3-1-1 dialing code. On September 9, 2014 the Commission allowed any interested parties to file comments in this Docket. As of this date no parties have filed comments.

The Utah Public Service Commission has jurisdiction over this request pursuant to authority delegated to the states by the Federal Communications Commission (FCC) in *In the FCC's Report and Order on Further Notice of Proposed Rule Making in In the Matter of the Use of N11 Code and other Dialing Arrangements*, CC Docket No. 92-105.

The Division believes the request is in the public interest and supports the approval of the petition to Salt Lake County, and recommends the Commission grant the petition.
