RE: Notice of Errata
Docket No. 15-042-01, In the Matter of Emery Telephone Company's Application for Utah Universal Service Fund Support.

Dear Mr. Widerburg:

On August 14, 2015, the Office of Consumer Services (Office) submitted direct testimony of Bion Ostrander and David Brevitz on behalf of the Office in the matter of Emery Telephone Company's Application for Utah Universal Service Fund Support, Docket No. 15-042-01. On that same date, the Office submitted a memo to the Commission indicating that it was unable to determine which portions of Emery's filing were confidential and, out of an abundance of caution, filed its testimony under confidential cover. We further indicated that we would work with the Company to better understand the confidential designations and provide the Commission with substitute versions of the testimony that correctly identified which portions were confidential and redacted the confidential information to create a public version.

The Office hereby files substitute versions of its testimony. The confidential information is correctly highlighted in the confidential version and is correctly redacted in the public version. Earlier today the Office filed a notice of errata identifying a few minor errors in Mr. Ostrander's testimony. These versions correct those errors in the manner identified in our earlier letter, but make no additional changes.

If you have any questions, please contact me at 801-530-6624.
Sincerely,

Danny A.C. Martinez
