ISSUE:

Qwest corporations d/b/a CenturyLink QC, is filing revisions to its Access Service Tariff for Utah. This access service tariff change is the fourth step in implementing the "Transitional Intrastate Access Service" rate reductions as mandated in the Federal Communications Commission's November 18, 2011 Report and Order and Further Notice of Proposed Rulemaking in WC Docket Nos. 10-90, etc. (FCC 11-161).

RECOMMENDATION: Approve New Tariff Changes

The Division reviewed the description of methodology for the tariff calculations for the required access revenue reduction which was targeted to the local switching minutes of use rate element and determined that it was set to the appropriate rate.

The Division agrees that this Tariff change is filed in compliance to the above mentioned FCC Order 11-161, and supports this change and recommends that the tariff be approved and become effective on July 1, 2015.
