DEFINITION OF TERMS

Base Rate Area: That portion of the exchange area located within 3 miles of the serving central office.

Building: The term "same building" or "building" is to be interpreted to mean a structure under one roof or two or more structures which are connected by an enclosed passageway in which the wires or cables of the Telephone Company may be placed without exposure to outside electrical circuits or the weather. In no case can conduit be considered as an enclosed passageway.

Central Office: A central office is an operating facility through which telephone communication is established between stations within a specified area.

Channel: A Channel is the electrical path provided by the Telephone Company between two or more terminating points for the transmission of information or intelligence.

Coin Box Telephone: A telephone station, either public or private, equipped with a device for collecting money in payment of telephone messages.

Connecting Company: A corporation, association, firm, or individual, owning and operating one or more central offices and with whom traffic is interchanged.

Construction Charge: A separate charge made for construction of pole lines, circuits, facilities, etc., to compensate the Company for unusual costs of providing service and not supported by existing rate schedules.

Customer: (See Subscriber)

Demarcation Point: The point of interconnection between the Utility's facilities and the wiring at a customer's premises. Customers are responsible for all inside wiring on the customer's side of the demarcation point which is located in the Utility's Standard Network Interface equipment.

Digital Channel Service (DCS): The term "Digital Channel Service" denotes a service that transmits and receives digital signals between the serving wire center and digital switching equipment located at the customer's premises. The service enables customers to channelize up to 24 voice grade DS0s on a single transport facility. It is comprised of two components; a digital port in the serving wire center and a digital transport facility between the serving wire center and the customer's premises.

Directory Listing: The publication in the Telephone Company's directory of information relative to the subscribers' telephone numbers, by which the telephone users determine the telephone number of a desired station.

Electronic Bill Presentment and Payment (EBPP): Electronic Bill Presentment Program (EBPP) is an optional service provided by the Company that allows customers to view and or pay their telephone bill on-line.

Enhanced Lifeline Service/Tribal Lands: Additional federal Lifeline (fourth tier) and Linkup assistance for qualifying low-income individuals living on federally recognized tribal lands (American Indian and Alaska Native) to reduce the cost of basic telephone service and offset the Service Order Charge - Initial and line extension costs associated with the initiation of service for those individuals. (T)

Exchange Service: The general telephone service rendered in accordance with individual Local Exchange Tariff and General Exchange Tariff provisions. Exchange service is a general term describing as a whole, the facilities for local intercommunications, together with the right to send and receive a specified or an unlimited number of local messages at charges in accordance with the provisions of the Local or General Exchange Tariffs.

DEFINITION OF TERMS

Service Charge: A charge made to a subscriber for the purpose of reimbursing the Telephone Company for its expenses in connecting facilities at subscriber's premises. (T)

Service Line: A subscriber line owned by the subscriber or group of subscribers and connecting to company-owned facilities at the Base Rate Area boundary.

Standard Network Interface (SNI): A registered interface device specified by the F.C.C. Registration Program, Part 68, for the purpose of connecting the Utility's facilities with those of the customer. All inside wiring on the customer's side of the SNI is the customer's responsibility.

Station Instrument: A telephone set used to enable a subscriber to establish a communications connection through the Utility's facilities.

Subscriber: A person who has contracted for and is receiving telephone service.

Supplemental Contract: A contract for service or facilities in addition to that provided for under the original contract.

Suspension of Service: A temporary discontinuance of service without terminating the contract or removing the telephone equipment from the subscriber's premises. Suspension of service may be divided into two general classifications as follows:

- A. At Subscriber's Request: Temporary suspension of service at subscriber's request.
- B. Initiated by Company: Temporary suspension for nonpayment of service charges either local and/or toll.

Telephone Number: A designation assigned to a subscriber's access line for convenience in operating. Telephone numbers may include the name of the central office.

Termination Charge: A charge made to a subscriber upon termination of a contract for service before the expiration of the contract period.

Toll Service: Toll message telephone service is that of furnishing facilities for communication between telephone stations located in different local exchange areas not provided with Extended Area Service.

Touch Tone: Touch Tone calling service provides for the origination of telephone calls through the use of telephones equipped with tone generators.

(T)

SERVICE CHARGES

(T)

CONDITIONS

1. Service Charges apply as follows:

(T)

a. Service Order Charge - Initial

(T)

Applicable to work done in receiving, recording and processing information necessary to execute a customer's request for the initial establishment of telephone service at a premises.

b. Service Order Charge - Subsequent

(T)

Applicable to work done in receiving, recording and processing information necessary to execute a customer's request for additions, moves or changes to existing service.

c. Central Office Connection Charge

(T)

Applicable for work done in the central office, between the central office and station protector and on the protector in association with providing an exchange access line or making changes thereto.

d. Supersedure

(L)(T)

The supersedure charge applies in lieu of normal service connection charges when present telephone service including telephone number is transferred from one customer to another with the express written consent of the relinquishing customer and with the written agreement of the new customer to assume the responsibility for all charges outstanding. This arrangement requires continuous billing, with no change in type of service.

e. Reconnect Charge

(T)

The non-pay reconnect charge applies where a customer re-establishes service on the same premises, with no changes in service after being disconnected for non-payment of a bill. This charge replaces the listed service connection charges and includes all services which were previously connected. If the customer does not take action to re-establish service within two weeks of the non-pay disconnect, the appropriate service connection charges will apply thereafter.

(L)

f. Time and Material Charges

(T)

Applicable for customer requested work done on a customer's premises. (See Condition 5).

CONDITIONS (Continued)

2. No Service Charges will apply under the following circumstances:

(L)

- when a service is taken over by a member of the same family;
- in settlement of an estate when service is assumed by a receiver or administrator of the estate;
- when service which has been disrupted by a fire, accident or natural catastrophe, is reestablished, either at its original location or at a new location. Subsequent moves of such re-established service will be done at the normal rates;
- when moves, rearrangements, or changes are initiated by the Company.

(L)

3. Charges for changes are not to exceed the sum of the charges which would apply to a new installation of the same service and facilities.

(L)

4. Installment Billing

(T)

b. Definitions

Billable Time and Material Charges

(T)

Time and Material spent by a Company representative on a customer's premises exclusive or work required to establish access line service.

c. Conditions

(1) Time and Material Charges apply, as required, in addition to other charges for individual items or services which are listed in other sections of this tariff.

(2) Time Charges will be billed in 15 minute time segments. A five minute allowance into the next time increment will be granted.

(3) A quote for a specific job may be provided the customer. The quote will be in writing and will be good for 30 days after the issue date. When accepted, the customer will be billed the quoted price. A quote is not the same as an approximate figure which may be provided by Company personnel. An approximate figure is intended only as an order of magnitude and not as a firm price. Customers to whom approximate figures are furnished are subject to actual Time and Material Charges.

(4) Time and Material Charges will also apply to customer-requested rearrangements of outside wiring, including the drop wire and protector.

(5) Time and Material Charges do not apply to the following work:

(L)

(a) To move or change a customer's service if required or initiated by the Company.

(b) The "from" portion of work involved in a transfer of service from one premises to another.

INTEGRATED SERVICES DIGITAL NETWORK (ISDN) – PRIMARY RATE INTERFACE (PRI)
BUNDLED SERVICE (Continued)

SPECIAL CONDITIONS

1. ISDN PRI Bundle Service is available where technically feasible.
2. The bundles are offered for 2-, 3- and 5-year term commitments. A termination fee of 50% of the Monthly Recurring Charges will incur for the remainder of the term commitment period.
3. A customer may convert an existing term commitment to a new term commitment prior to the completion of the existing term without penalty. The customer will be charged a Service Order Charge - Subsequent for the change and will pay the current rates in effect for the term commitment chosen. (T)
4. When a customer's serving office is not suitably equipped and/or the customer chooses to subscribe to ISDN-PRI Service from another central office, the customer will utilize the dialing plan associated with the designated ISDN-PRI central office. For PRIs served from an alternate central office, the normal PRI rates will apply in addition to the charges for Special Transport Termination and Special Transport (Mileage).
5. ISDN-PRI customers who are served from a foreign node may request to have their service provided from their local central office when facilities become available at that office. The Service Order Charge – Initial and nonrecurring charges for T-1s and ports will be applicable, and termination charges will not apply on that transfer provided that the quantity of T-1s and ports are preserved. Customers who choose to continue service from a foreign node will be subject to the monthly rate for interoffice facilities. In addition, a number change generally will be required on any transfer from a foreign node to a local central office. (T)
6. Ports will be provided at the T-1 level only.
7. Customer provided equipment used to connect to ISDN-PRI Bundle Service must meet Company requirements.
8. The Company shall not be responsible to the customer if changes in any of the facilities, operations, or procedures utilized in the provision of ISDN-PRI Bundle Service render any equipment provided by a customer obsolete or require any modification or alteration of such equipment or system or otherwise affect its use or performance.
9. The customer must subscribe to services and specify each type of traffic that will be transported across the ISDN-PRI Bundle Service port (i.e., DID, DOD). All rates and regulations for these services will apply. The bundle is offered as flat rate voice with measured data. Usage charges generated by using ISDN-PRI will be measured and billed in accordance with the rates specified in this tariff.
10. Appropriate nonrecurring charges apply for installation of and changes to ports, T-1s and features ordered by the customer except as set forth in Rates and Charges preceding.
