Re: In the Matter of the Application of Boomerang Wireless, LLC d/b/a enTouch Wireless for Designation as a Federal Eligible Telecommunications Carrier in the State of Utah for the Limited Purpose of Offering Wireless Lifeline Service to Qualified Households (Low Income Only); Docket No. 16-2590-01

Dear Mr. Gipson,

The Public Service Commission (PSC) reviewed the January 28, 2021 filing by Boomerang Wireless, LLC d/b/a enTouch Wireless (“enTouch”) of an update to its Lifeline service offering. enTouch has increased its broadband Lifeline offering to include 500 text units, 1,000 voice minutes, and 100 MB of data per month. The PSC also reviewed the February 4, 2021 action request response filed by the Division of Public Utilities (DPU). DPU confirms enTouch’s offering complies with the Federal Communications Commission’s minimum service standards, and recommends the PSC acknowledge enTouch’s proposed changes to its Lifeline offering and allow the effective date to be January 12, 2021.

Based on the PSC’s review of the filing and DPU’s response, the PSC acknowledges receiving enTouch’s notice of changes to its Lifeline service offering as described in its January 28, 2021 filing.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
