This filing eliminates CenturyLink's 1-800 Calling Service for residence and business customers. This service allows customers to bill local and long distance calls to CenturyLink 1-800 Calling Service (1 800 487-9378). Customers dial 1-800-487-9378 to reach a Voice Response Unit (VRU), after a tone, enter their calling card number and a PIN. This service was introduced in the 1990's before broad adoption of cell phones and other new technologies, products, and services that have rendered the CenturyLink 1 800 Calling Service obsolete. Customers who wish to continue the use of a calling card may contact CenturyLink and request, as an alternative for residential customers the CenturyLink Worldwide Calling Card, or for business customers the CenturyLink worldcard. Phone calling cards are also available from numerous vendors. CenturyLink notified its customers on June 12, 2017. CenturyLink is requesting an effective date of September 1, 2017. If you have any questions regarding this filing, please contact me.

Respectfully submitted,

Marla Hazlett
