Re: Docket No. 17-2494-01, Application of Bandwidth.com CLEC, LLC to Transfer Indirect Control

Dear Mr. Evans,

The Public Service Commission (“PSC”) has reviewed Bandwith.com CLEC, LLC’s (“Bandwidth”) Application for Approval to Transfer Indirect Control, filed September 11, 2017, and the Division of Public Utilities’ (“DPU”) comments, filed September 29, 2017, recommending the PSC allow the transfer of control.

The Application represents Bandwidth’s parent company, Bandwidth.com (“Parent”), will conduct an initial public offering that will result in the Parent’s co-founder and current minority shareholder, Mr. Morken, holding a majority of the Parent’s voting shares. The Application requests the PSC’s approval of the transaction “to the extent required.” In its comments, the DPU did not address whether PSC approval of this transaction is required, but, nevertheless, recommends the PSC allow it.

No party has identified a statutory or other legal requirement for the PSC to approve this transaction. The PSC acknowledges the filing of the Application and gives notice it will take no further action in this docket unless a party files a request for the PSC to do so and explains the jurisdictional basis on which the PSC may or should act.

Sincerely,

/s/ Gary L. Widerburg

PSC Secretary
