9.3 PrimePlus IntraLATA Toll Service (continued)

9.3.3 PrimeOne/PrimePlus Usage Discount¹

(T)

Customers who commit to 1, 2, or 3 year term commitments are eligible to receive the discounts shown below on their PrimeOne and PrimePlus usage charges. Discounts are calculated based on the term commitment and are applied to the total amount of qualifying revenue in a billing period. Customers whose combined PrimeOne and PrimePlus monthly usage exceeds \$100,000.00 will not be eligible for discounts under this plan.

At the end of the Customer's term commitment, the Customer will convert to month-to-month pricing at Price List rates in effect at that time. For services requiring a one-year term commitment, the Customer will receive one-year term rates at Price List rates in effect at that time unless the Customer notifies the Company in writing thirty (30) days prior to the expiration of the Customer's term plan of their intent to discontinue service.

Customers who discontinue service prior to the end of their term commitment will be assessed an early termination charge equal to their average monthly usage charges times the number of months remaining on their term commitment. The average monthly usage will be determined by calculating the Customer's total PrimeOne and PrimePlus usage charges for the first six full months of service and dividing by six. If the Customer has been in service less than six months, the average monthly usage will be determined by calculating the Customer's total usage charges and dividing by the number of months the Customer has been in service.

Customers may discontinue service prior to the end of their term commitment without liability if they migrate to another Company local service offering with a term commitment equal to or greater than their current term commitment.

Usage Discounts are as specified in the Price List.

There are no time of day discounts.
