16. PRIMENBX SERVICE*

16.1 Description

PrimeNBX is a business access line service providing central office based functionalities in addition to access to the Public Switched Network. PrimeNBX lines are available in analog or digital formats depending on the Customer's Premise Equipment. PrimeNBX allows intercommunication service on a 4-digit basis in addition to access to and from the exchange network without Customer attendant assistance.

- * PrimeNBX term plans are not available, either under this Price List section or through any Company Contract Price List or contract referencing this Price List section, to new or existing Customers who did not have it on order on or before June 25, 2004. Existing term plan customers with contracts for PrimeNBX in effect or on order prior to June 25, 2004 may continue under their existing terms and condition, and may move, add or change stations at their existing locations based on availability of existing facilities, but may not add new locations unless otherwise specified in their contracts.

Customers with contracts that expire may continue to use the service on a month-to-month basis at their contract rates, terms and conditions, unless otherwise specified in the contract. Customers with expired contracts may also be able to change, upon notice to the Company, to month-to-month Price List rates, terms and conditions. All Customers with expired contract are subject to the limitations on moves, adds, and changes described above.

PrimeNBX services will be discontinued no later than November 15, 2018 and are subject to the provisions set forth below:

(C)

- A. There will be no contract renewals for Customers with expired contracts, or who have terminated service.
- B. Customers must migrate to a different service on, or before the service discontinuance date.

Early termination fees will be waived for PrimeNBX Customers wishing to terminate their PrimeNBX Service and migrate to a different service prior to their contract expiration.

LOCAL EXCHANGE SERVICES

17. PRIMEPATH NBX SERVICE*

17.1 Description

PrimePath NBX is a central office-based analog communications service over loop-start facilities for a retail end-user. The service provides direct inward dialing capability without the requirement of CPE such as a key system or PBX, as well as outward calling capabilities.

- * PrimePath NBX term plans are not available, either under this Price List section or through any Company Contract or contract referencing this Price List section, to new or existing Customers who did not have it on order on or before April 8, 2004. Existing term plan customers with contracts for PrimePath NBX in effect or on order prior to April 8, 2004 may continue under their existing terms and condition, and may move, add or change stations at their existing locations based on availability of existing facilities, but may not add new locations unless otherwise specified in their contracts.

Customers with contracts that expire may continue to use the service on a month-to-month basis at their contract rates, terms and conditions, unless otherwise specified in the contract. Customers with expired contracts may also be able to change, upon notice to the Company, to month-to-month Price List rates, terms and conditions. All Customers with expired contract are subject to the limitations on moves, adds, and changes described above.

PrimePath NBX services will be discontinued no later than November 15, 2018 and are subject to the provisions set forth below:

(C)

- A. There will be no contract renewals for Customers with expired contracts, or who have terminated service.
 - B. Customers must migrate to a different service on, or before the service discontinuance date.
- * Early termination fees will be waived for PrimePath NBX customers wishing to terminate their PrimePath NBX service and migrate to a different service prior to their contract expiration.
