Re: In the Matter of the Request of TDS Metrocom, LLC for Cancellation of its Certificate of Public Convenience and Necessity, Docket No. 17-2571-01.

RECOMMENDATION (Approval):

The Division of Public Utilities (“Division”) has reviewed the request by TDS Metrocom, LLC to have its Certificate of Public Convenience and Necessity (“CPCN”) to provide Local Exchange Services in the State of Utah cancelled and recommends the Public Service Commission (“Commission”) grant this request.

EXPLANATION:

On or about April 11, 2017, TDS Metrocom, LLC filed with the Commission a request to have its CPCN cancelled. The Division has reviewed this request and found the following:

TDS Metrocom, LLC was issued a CPCN to provide telecommunications services in Utah on April 17, 2014 in Docket No. 14-2571-01.

TDS Metrocom, LLC offers telephone service in Utah solely via VoIP technology and has no plans to provide service other than through VoIP, which is not a regulated service in Utah.
