Dear Commissioners:

Attached for your notification are additions to the Qwest Corporation d/b/a CenturyLink QC Advanced Communications Service Price List:

See Attachment A for a List of Pages and Releases Being Filed

In this filing CenturyLink QC is seeking to discontinue its Frame Relay and Asynchronous Transfer Mode (ATM) service. Existing customers of these services will be grandfathered as follows:

- Existing contracts for these services will not be renewed.
- Customers with a contract that expires prior to March 1, 2019 may retain their CenturyLink QC Frame Relay and/or CenturyLink QC ATM service covered by that contract on a month-to-month basis per the terms of their contract until March 1, 2019.
- Customers with a contract that expires after March 1, 2019 may retain their CenturyLink QC Frame Relay and/or CenturyLink QC ATM service covered by that contract until the expiration of that contract. At that time, the current service will be considered end-of-life, and no longer supported.

CenturyLink QC has been working on the end-of-sale and end-of-life for these services for several years. The equipment associated with these services was discontinued by the manufacturer Alcatel-Lucent in 2014, and CenturyLink QC's stock of spare equipment has been diminished. Customers have been notified of the pending discontinuance of the services.

As part of this filing CenturyLink QC is also removing references to Lan Switching Service (LSS) which was discontinued in 2008 and no longer has any customers.

CenturyLink QC respectfully requests that this proposed change become effective October 28, 2018.

If there are any questions, please contact me.

Sincerely,

Mark Brinton  
Manager Regulatory Operations
