Date: January 11, 2018

Re: In the Matter of Teleport Communications America, LLC's Request for Waiver – Provo UT Rate Center per Docket No. 18-2558-01.

RECOMMENDATION: Approve Waiver

The Division recommends that the Commission approve Teleport Communications America, LLC's ("TCAL") request for a waiver of threshold requirements and direct NeuStar, the Numbering Plan Administrator (PA), to provide the requested three blocks of 1,000 sequential numbers (3,000 numbers) to accommodate a request for a TCAL customer in the Utah 801/385 NPA Provo Rate Center.

BACKGROUND:

On January 4, 2018, TCAL requested a waiver of the threshold requirements based on the Federal Communications Commission ("FCC") Rules found at 47 C. F.R. § 52. 15(g)(4) and pursuant to the Thousands-Block Number (NXX-X) Pooling Administration Guidelines ("TBPAG") and the Central Office Code (NXX) Assignment Guidelines published by the Industry Numbering Committee ("INC"). TCAL had previously submitted a request for the numbers to the PA which was immediately denied based on TCAL's Months to Exhaust (MTE) for new numbering requests. The FCC has affirmed that in instances where a carrier has neither the inventory to satisfy a specific customer request, nor the utilization for obtaining more numbers, the State Commission may grant relief to carriers with a "verifiable need due to the carrier's inability to satisfy a specific customer request."¹

¹ *In the Matter of Numbering Resource Optimization Implementation of the Local Competition Provision of the Telecommunications Act of 1996 Telephone Number Portability, 3rd Report and*

This inability can be demonstrated to the State Commission by the carrier providing “documentation of the customer request and current proof of utilization in the rate center.”²

REQUEST:

TCAL has provided documentation indicating that its customer is requesting 3,000 telephone numbers in the 801/385 NPA, Provo Rate Center, which it cannot provide based on its current inventory.

ANALYSIS:

The customer is requesting 3,000 telephone numbers from 801/385 NPA. These telephone numbers are required to service a specific customer of TCAL. Without the waiver from the Commission, TCAL will be unable to meet the needs of their customer. The issuance of these number blocks will not significantly affect the available number pool in the 801/385 NPA, nor will it affect the exhaust date of the 801/385 NPA. Because of this the Division recommends the Commission should grant the waiver.
