Re: *Gunnison Telephone Company's Proposed Tariff Revisions*; Docket No. 19-043-T02

Dear Ms. Slawson,

The Public Service Commission (PSC) has reviewed Gunnison Telephone Company's ("Gunnison") proposed revisions to Sheet Nos. 26, 26.1, and 26.2 of its P.S.C. Utah No. 2 Tariff ("Tariff"), transmitted on October 31, 2019. Gunnison proposes to reference federal and state statutes defining the Lifeline program to incorporate the changes implemented by the 2016 FCC Lifeline Modernization Order. Gunnison requests an effective date of December 1, 2019. The PSC also reviewed the comments of the Division of Public Utilities (DPU) filed on November 12, 2019. The DPU has no objection to the proposed revisions and recommends the PSC approve Gunnison's proposed revisions to the Tariff.

Based on its review of Gunnison's filing and the DPU's comments and recommendation, the PSC approves Gunnison's proposed revisions to its Tariff as filed, with an effective date of December 1, 2019.<sup>1</sup>

Sincerely,

/s/ Gary L. Widerburg  
PSC Secretary

<sup>1</sup> Going forward, the PSC reminds Gunnison of the requirement to provide a statement that the proposed tariff sheet does not constitute a violation of state law or PSC rule per Utah Admin. Code R746-405-2(D)(3)(g). We conclude, without prejudice to dissimilar conclusions in future filings, that in this instance this deficiency is not material enough to be a basis to suspend or deny the tariff.
