Re: Utah Docket No. 19-046-T01, TARIFF: Manti Telephone Company's Proposed Tariff Revisions.

ISSUE:

Manti Telephone Company (Manti) submitted a filing dated September 24, 2019 to revise its tariff to decrease the Switched Access Service Local Switching-LTR-Intrastate Terminating Per Access Minute Rate from \$0.00500 to \$0.00070. Manti indicates that this is necessary because the FCC expects the inter-state and intra-state rates to be at parity and the intrastate local switching rate was above the interstate rate.

RECOMMENDATION: Approve Tariff Revisions as Proposed.

The Utah Division of Public Utilities has reviewed this filing and has no objection to Manti reducing the rate from \$0.00500 to \$0.00070 in its tariff. The Division therefore recommends this filing become effective on or before October 1, 2019, as requested.
