Re: *All West Communications, Inc.'s Proposed Tariff Revisions*; Docket No. 19-2180-T01

Dear Mr. Rutkowski,

The Public Service Commission (PSC) has reviewed All West Communications, Inc.'s ("All West") proposed revisions to Sheet No. 61 of its PUC No. 2, Local Access Service Tariff ("Tariff"), transmitted on October 31, 2019. All West proposes revisions to incorporate the changes implemented by the 2016 FCC Lifeline Modernization Order. All West requests an effective date of December 1, 2019. The PSC also reviewed the comments of the Division of Public Utilities (DPU) filed on November 13, 2019. The DPU finds no issue with the proposed revisions and recommends the PSC approve All West's proposed revisions to the Tariff.

Based on its review of All West's filing and the DPU's comments and recommendation, the PSC approves All West's proposed revisions to its Tariff as filed, with an effective date of December 1, 2019.¹

Sincerely,

/s/ Gary L. Widerburg

PSC Secretary

¹ Going forward, the PSC reminds All West of the requirement to provide a statement that the proposed tariff sheet does not constitute a violation of state law or PSC rule per Utah Admin. Code R746-405-2(D)(3)(g). We conclude, without prejudice to dissimilar conclusions in future filings, that in this instance this deficiency is not material enough to be a basis to suspend or deny the tariff.
