Re: In the Matter of the Application of Mitel Cloud Services, Inc. to cancel its Certificate of Public Convenience and Necessity to provide Local Exchange Services in the State of Utah, Docket No. 19-2480-01.

RECOMMENDATION (Approval):

The Division of Public Utilities (“Division”) has reviewed the request by Mitel Cloud Services, Inc. to have its Certificate of Public Convenience and Necessity (“CPCN”) to provide Local Exchange Services in the State of Utah cancelled and recommends the Public Service Commission (“Commission”) grant this request.

EXPLANATION:

On or about August 02, 2019, Mitel Cloud Services, Inc. filed with the Commission a request to have its CPCN cancelled. The Division has reviewed this request and found the following:

Mitel Cloud Services, Inc. was issued a Certificate to provide telecommunications services in Utah on July 25, 2007 in Docket No. 07-2480-01.

Mitel Cloud Services, Inc. no longer provides regulated telecommunications services under its CPCN in Utah and has not offered such services for several years. Therefore, the CPCN granted by the Commission is no longer necessary. It will continue to offer and provide VoIP services to customers throughout Utah in the future.

It appears they have complied with the rules for exiting as required under Administrative Rule R746-350.
