Re: *Teleport Communications America, LLC's Request for Waiver – Bountiful, UT Rate Center,*
Docket No. 19-2558-01

Dear Ms. Harrell-Simington,

On January 29, 2019, the Public Service Commission of Utah (“PSC”) received a request for a waiver of Threshold Utilization and/or Months to Exhaust requirements by Teleport Communications America, LLC (“TCA”). The request is for three consecutive blocks of 1,000 sequential numbers in the Utah 801 (385) NPA, for the 385-4,5,6 consecutive blocks, within the BOUNTIFUL Rate Center, which TCA cannot provide based on its current inventory.

Through correspondence, TCA has substantiated a verifiable need on the part of one of its customers for additional numbering resources. Based on the authority delegated to the states in paragraphs 57-66 of the FCC’s Third Report and Order on Numbering Resource Optimization, the PSC grants TCA’s request for a waiver of the Threshold Utilization and/or Months to Exhaust requirements, thereby allowing Somos to provide TCA with the necessary number blocks in the 801 NPA BOUNTIFUL Rate Center.

If you have further questions or comments, I can be reached by phone at (801) 530-6716.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
