Re: **Docket No. 19-2562-01**, In the Matter of the Application for YipTel, LLC to Discontinue Telecommunication Services and Applicable Tariff.

Recommendation (Approval)

The Division of Public Utilities (“Division”) has reviewed the request by YipTel, LLC to have its Certificate of Public Convenience and Necessity (“CPCN”) provide Local Exchange Services in the State of Utah cancelled and recommends the Public Service Commission (“Commission”) grant this request.

Explanation

On or about December 13, 2019, YipTel, LLC filed with the Commission a request to have its CPCN cancelled. The Division has reviewed this request and found the following:

YipTel, LLC was issued a Certificate to provide telecommunications services in Utah on January 25, 2013 in Docket No. 13-2562-01. Yiptel, LLC states that it has no customers in the State of Utah and that it is current with all reports and fees assessed by the Commission.

It appears they have complied with the rules for exiting as required under Administrative Rule R746-350.
