Application of Commnet Rural America, LLC for a Certificate of Public Convenience and Necessity to Provide Resold and Facilities- Based Telecommunications Services within the State of Utah	<u>DOCKET NO. 19-2613-01</u> <u>NOTICE</u>
--	---

ISSUED: September 4, 2019

On June 17, 2019, Commnet Rural America, LLC (“Commnet”) filed an Application for a Certificate of Public Convenience and Necessity to Provide Resold and Facilities-Based Telecommunications Services within the State of Utah (“Application”). On June 20, 2019, the Public Service Commission (PSC) issued a Notice of Filing and Comment Period (“Notice”), inviting interested parties to file comments on the Application no later than July 17, 2019 and reply comments on or before August 1, 2019.

On July 17, 2019, the Utah Rural Telecom Association (URTA) filed comments opposing approval of the Application as Commnet filed it and arguing any Certificate of Public Convenience and Necessity (CPCN) the PSC issues to Commnet must contain limiting language providing Commnet may not operate in any area with fewer than 5,000 access lines that is served by an incumbent local exchange carrier that has fewer than 30,000 total access lines.

To date, Commnet has filed no reply in support of its Application or otherwise indicated to the PSC whether it wished to pursue a CPCN containing the limitation URTA argues is necessary.

Accordingly, the PSC gives notice it will take no further action on the Application until and unless Commnet files a request the PSC grant the Application and offering its position on URTA’s proposed limitation.

DATED at Salt Lake City, Utah, September 4, 2019.
