**RE: Citizens Telecommunications Company of Utah
d/b/a Frontier Communications of Utah – Grandfather Wide Area Telephone
Service (WATS)**

Dear Mr. Widerburg:

Citizens Telecommunications Company of Utah d/b/a Frontier Communications of Utah (Frontier) hereby submits an electronic filing of revised tariff sheets, Exhibit A and a redline version of proposed tariff sheets, Exhibit B as required by Utah Administrative Code R746-405-2(D)(6).

The purpose of this filing is to grandfather Wide Area Telecommunications Service (WATS).

It is respectfully requested that this filing become effective on August 10, 2020.

The proposed tariff revisions do not constitute a violation of state law or PSC rule pursuant to Utah Administrative Code R746-405-2(D)(3)(g). We conclude, without prejudice to dissimilar conclusions in future filings, that in this instance these deficiencies are not material enough to be a basis to suspend or deny the tariff.

Please direct any questions or notifications of action taken on this filing to Leslie Zink at (585) 777-4717, or Leslie.Zink@ftr.com.

Sincerely,

A handwritten signature in black ink that reads "Leslie Zink".

SCHEDULE NO. B-2

WIDE AREA TELECOMMUNICATIONS SERVICE ¹ - Grandfathered (continued) (C)

OUTWARD WATS AND 800 SERVICE (continued)

CONDITIONS

- A1 Wide Area Telecommunications Service (WATS), by use of a WATS access line and the public switched network, provides for dial-type communications between a WATS termination and exchanges within the same LATA, within the state and in accordance with the regulations and schedules of charges specified in this tariff.
- A2 A WATS access line is a line from the customer's premises to a utility CO and is provided for the purpose of completing WATS calls. Each such line will be arranged at the customer's option for either outward or 800 Service but not for both.
- B1 The Outward WATS customer is furnished a WATS access line arranged for outward calling only. Outward WATS provides for directly dialed calls from a WATS termination by way of the WATS access line and the public switched network to exchanges within the same LATA in the State.
- B2 The 800 Service customer is furnished a WATS access line arranged for inward calling only. 800 Service provides for dial-type calling to a WATS termination by way of the WATS access line and the public switched network from exchanges within the same LATA in the State.
- A3 WATS is furnished only if the necessary service components are available. If unusual costs are involved to make facilities available, the customer may have to pay additional charges.
- A4 OUTWATS/800 interstate and interLATA service will be provided by intercity carriers of record.
- A5 OUTWATS/800 intrastate service will be provided jointly by the utility and interLATA carriers of record.
- A6 OUTWATS intraLATA only service will not be provided by the utility. See Citizens Business/Residence Line 800 following for 800 intraLATA only service.
- A7 Rate Center -- a specified geographical location in an exchange from which mileage measurements for interexchange channels are made.
- A8 Service Terminating Arrangement -- utility-provided equipment which terminates WATS access lines and facilitates design, isolation, and testing of WATS service. Protective connecting arrangements include the service terminating arrangement.

SCHEDULE NO. B-2

WIDE AREA TELECOMMUNICATIONS SERVICE ¹ - Grandfathered (continued) (C)

OUTWARD WATS AND 800 SERVICE (continued)

CONDITIONS (continued)

A10 WATS terminations (continued)

B4 When connections are made to customer or Other Common Carrier-provided communications systems at a premises where the customer does not originate or terminate communications, the utility may require that WATS be furnished from a utility WATS CO(s) different than the CO(s) designated by the utility to serve that premises. Under such circumstances, monthly and service charges equal to access line extension charges apply between the WATS CO that would serve the customer's premises and the WATS CO from which service is actually provided.

A11 Limitations of service

B1 WATS calls must be dialed and completed without the assistance of a utility operator except when facilities or conditions do not allow customer dial completion or when an interrupted call is reestablished by a utility operator.

B2 The utility does not undertake to transmit messages but furnishes the use of its facilities to its customers for communications.

B3 The design, maintenance and operation of WATS envisions that communications will originate or terminate at a WATS station for the purpose of communicating with stations in the specified service areas. Connections of communications system provided by the customer or Other Common Carrier to WATS may be made. However, the utility will not be responsible for the through transmission of signals or for the quality of transmission on such connections.

B4 Connection to other services

Connection of WATS to other services is permitted on a switched basis only. No permanent connection between WATS and other services may be established.

CONDITIONS (continued)

A11 Limitations of service (continued)

B5 Availability of service

C1 In case a shortage of facilities exists at any time, either for temporary or protracted periods, the establishment of Message Telecommunications Service (MTS) shall take precedence over all other services.

B6 Company liability

C1 In view of the fact that the customer has exclusive control of his communications over the facilities furnished him by the utility, and of the other uses for which facilities may be furnished him by the utility, and because of unavoidableness of errors incident to the services and to the use of such facilities of the utility, the services and facilities furnished by the utility are subject to the terms, conditions and limitations herein specified.

C2 The liability of the utility for damages arising out of mistakes, omissions, interruptions, delays, errors or defects in transmission, or failure or defects in facilities furnished by the utility, occurring in the course of furnishing service or other facilities and not caused by the negligence of the customer, or of the utility in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistake, omission, interruption, delay, error defect in transmission, or failure or defect in facilities occurs.

CONDITIONS (continued)

A2 Limitations of service (continued)

B6 Company liability (continued)

C3 The utility shall be indemnified and saved harmless by the customer or customers against claims for libel, slander, or the infringement of copyright arising directly or indirectly from the material transmitted over the facilities or the use thereof; against claims for infringement of patents arising from combining with, or using in connection with, facilities furnished by the utility, apparatus and systems of the customer; and against all other claims arising out of any act or omission of the customer in connection with the facilities provided by the utility.

C4 When the lines of other telephone companies are used in establishing connections to points not reached by the utility's lines, the utility is not liable for any act or omission of the other company or companies.

C5 The utility does not guarantee nor make any warranty with respect to equipment provided by it for use in an explosive atmosphere. The customer shall indemnify and hold the utility harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by customer or by any other party or person, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of said equipment so provided.

D1 The utility may require each customer to sign an agreement for the furnishing of such equipment as a condition precedent to the furnishing of such equipment.

C5 (continued)

D2 The customer shall furnish, install and maintain sealed conduit with explosion-proof fittings between this equipment and points outside the hazardous area where connection may be made with regular facilities of the utility. The customer may be required to install and maintain this equipment within the hazardous area if, in the opinion of the utility, injury or damage to utility employees or property might result from installation or maintenance by the utility.

B7 Transmission quality

C1 Satisfactory transmission cannot be assured when the WATS access line is connected to other company services or to customer-provided equipment or services.

B8 Completion of 800 Service messages

C1 800 Service is furnished upon condition that the customer obtain adequate service to permit the use of this service without interfering with this service or impairing it or without injurious effects upon it or any other service rendered by the utility. The utility, without incurring any liability, may terminate or refuse to furnish 800 Service to any customer who fails to comply with said conditions, provided that, in case of a termination of service, at least five days have elapsed following written notification to the customer by mail or in person of the utility's intention to terminate the service for such cause.

B9 Use of service

C1 WATS may be used by the customer or others authorized by the customer. Orders involving installation, rearrangement, billing, or discontinuance of service will be accepted by the utility only from the customer.

CONDITIONS (continued)

A11 Limitation of service (continued)

B10 Abuse or fraudulent use

The service is furnished subject to the condition that there will be no abuse or fraudulent use of the service. Abuse or fraudulent use of service includes:

C1 The placing or acceptance of a WATS call by a WATS customer, his agent, employee or representative, in response to an uncompleted MTS call, which was not completed in order to transmit or receive intelligence without the payment of the applicable message toll charge;

C2 The obtaining, or attempting to obtain, or assisting another to obtain or to attempt to obtain, WATS by rearranging, tampering with, or making connection with any facilities of the utility, or by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means or device whatsoever, with intent to avoid the payment, in whole or in part, of the regular charge for such service;

C3 The use of service or facilities of the utility for a call or calls, anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment, or harass another;

C4 The use of profane or obscene language;

C5 The use of the service in such a manner as to interfere unreasonably with the use of the service by one or more other customers.

A12 Application of monthly rates for access line and usage

B1 WATS usage charges are for payment for the service between the WATS termination and another location.

B2 Service group

C1 The term "Service Group," as used in connection with Outward WATS, denotes one access line or two or more access lines appearing in the same multiline terminating system at the same customer premises.

¹ Wide Area Telecommunications Service (WATS) offering is grandfathered as of August 10, 2020 and limited to existing subscribers at their existing locations.

CONDITIONS (continued)

A12 Application of monthly rates for access line and usage (continued)

B2 Service group (continued)

C2 The term "Service Group," as used in connection with 800 Service, denotes the access lines arranged in CO equipment furnished by the utility as part of a given hunting arrangement. (The term "hunting arrangement" denotes a grouping of 800 Service access lines arranged for the completion of a given call or arranged for overflow to or from another access line or group of access lines.)

B3 Chargeable time

C1 Chargeable time begins when connection is established between a station associated with the WATS access line and the calling or called station.

C2 Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telecommunications network.

C3 When 800 Service is directly connected (i.e., not connected through a Multiline Terminating System) at a customer's premises to a communications system, chargeable time begins when the call terminates in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the 800 Service so that the chargeable time may begin.

B4 Minimum service period

The minimum service period for WATS is one day.

B5 Payment of charges

C1 The customer is responsible for payment of all charges for service furnished the customer. Service charges are payable upon establishment of service. All other charges from time to time in force and effect are payable monthly in advance, except hourly usage charges, which are payable upon rendition of a bill by the utility.

C2 Charges of less than a cent will be rounded to the nearest cent.

B6 Fractional periods

C1 The charge for a fractional part of a month will be a proportionate part of the monthly rate based on the actual number of days the service is provided.

C2 For the purpose of administering this regulation with respect to the determination of the rate for a fractional part of a month, every month is considered to have 30 days.

B7 Minimum average time requirement MATR

Usage is subject to an average of one minute per completed call in each rate period for each billing period. This means that if the average duration per call in any rate period during each billing cycle is less than one minute, billing will be based on an average duration of one minute per call.

B8 Method of determining rates

C1 Determine the total number of calls for the service group.

C2 Determine the equivalent hours used by applying the minimum average time requirement of 60 seconds (1 call = 1 minute).

C3 Determine the total actual hours used for the service group.

C4 Determine the chargeable hours which is the greater of C2 or C3 above, rounded to the nearest tenth (one decimal place).

C5 Determine the number of access lines in service during the month. Access lines in service for a fraction of a month are based on the number of days in service divided by 30 days. The result is rounded to the nearest hundredth, two decimal places.

C6 Determine the average use per line in the service group by dividing the chargeable hour in C4 above by the number of access lines in C5 above.

B8 Method of determining rates (continued)

C7 Determine the usage charge per line by multiplying the hourly rate in the appropriate taper(s) by the number of hours used in each taper and totaling these charges.

C8 Determine the total usage charge in the service group by multiplying the usage charge per access line in C7 above by the number of access lines in C5 above.

B9 Allowance for interruptions

C1 None of the prior credit allowances will be made for:

D1 Noncompletion of WATS messages due to busy network conditions, or

D2 Interruption of service due to utility-provided equipment or systems, or

D3 Interruption of service due to negligence of the customer, or

D4 Interruption of service during any period in which the utility is not afforded access to the premises at which the WATS access line is terminated, or

D5 Interruption of service during any period when the customer has released the WATS access line to the utility for maintenance purposes, or implementation of a customer order for a change in service arrangement.

C2 Long distance message telecommunications service furnished at a customer's request, when his WATS is interrupted, is charged at the long distance telecommunications rates.

B1 Basis for charge

C1 Where, at the request of the customer, acoustic or inductive data transmitting and/or receiving terminal equipment are to be used at a specified location in connection with customer-provided acoustic or inductive connected data terminal equipment, a charge applies to each WATS access line which requires a visit to the customer's premises by utility personnel to establish the level of signal power at the output of the network control signaling unit or to provide any conditioning of the line.

C2 The charge does not apply if this work is performed at the same time the utility service is installed.

A14 Service charges

WATS rates and charges are in addition to other service rates and charges whenever provided with WATS.

WIDE AREA TELECOMMUNICATIONS SERVICE ¹ - Grandfathered (continued) (C)

CITIZENS BUSINESS/RESIDENCE LINE 800 SERVICE (continued)

DESCRIPTION

- A1 CITIZENS BUSINESS/Residence Line 800 Service is the furnishing of dial type telecommunications from stations within a LATA to a station associated with an 800 termination point within the same LATA within the same state.
- A2 Dial type telecommunications is a call dialed and completed from or to an 800 access line without the assistance of a Telephone Company operator, or placed with an operator where facilities are not available for dial completion, or where, for other service reasons, operator assistance in completion of the call is necessary.
- A3 Generally, an 800 termination is a path between the network interface at the customer's premises and the point in a Telephone Company central office where access to the switched network is obtained for the purpose of completing 800 calls. CITIZENS BUSINESS/Residence Line 800 Service access will be arranged for common line termination. CITIZENS BUSINESS/Residence Line 800 Service provides termination of calls over nondedicated business and residence one-party lines. One 800 number may be assigned to each existing or newly provided exchange telephone number which allows for the completion of 800 calls in addition to all other usage normally handled on this termination.
- A4 CITIZENS BUSINESS/Residence Line 800 Service is not available in conjunction with Coin Telephone Service, Public Coin Telephone Service COCOT Service or Foreign Exchange service lines.
- A5 CITIZENS BUSINESS/Residence Line 800 Service provides for the termination of 800 calls only.

¹ Wide Area Telecommunications Service (WATS) offering is grandfathered as of August 10, 2020 and limited to existing subscribers at their existing locations. (N)

WIDE AREA TELECOMMUNICATIONS SERVICE ¹ - Grandfathered (continued)

(C)

CITIZENS BUSINESS/RESIDENCE LINE 800 SERVICE (continued)

DESCRIPTION (continued)

- A6 CITIZENS BUSINESS/Residence Line 800 service provides for the assignment of a single ten digit 800 number (i.e., 800+XXX+XXX) to the customer which can be used in one or more LATAs at the same time for intraLATA calling. CITIZENS BUSINESS/Residence Line 800 service allows for but does not require the CITIZENS BUSINESS/Residence Line 800 customer to use one 800 number in multiple LATAs for intraLATA calling. Customers may retain the same CITIZENS BUSINESS/Residence Line 800 service telephone number when moving to another location within the state.
- A7 CITIZENS BUSINESS/Residence Line 800 Service is the furnishing of facilities in accordance with the regulations and schedule of charges specified in this tariff. CITIZENS BUSINESS/Residence Line 800 Service rates set forth herein are in payment for the service furnished between the calling and called stations.
- A8 CITIZENS BUSINESS/Residence Line 800 Service is furnished subject to the availability of the appropriate equipment and facilities.
- A9 CITIZENS BUSINESS/Residence Line 800 Service may only be provided by the Telephone Company.
- A10 The term "Service Terminating Arrangement" denotes company-provided equipment which terminated CITIZENS BUSINESS/Residence Line 800 Service at a customer's premises. The service terminating arrangement provides a clearly delineated interface which facilitates the design, insulation and testing of CITIZENS BUSINESS/Residence Line 800 Service. Where a protective connecting arrangement is required, the service terminating arrangement is provided as a part of the protective connecting arrangement.
- A11 All rates and charges quoted in this tariff provide for the furnishing of service and suitable facilities are available or where the construction of the necessary facilities does not involve unusual costs. When the revenue to be derived from the service does not warrant the Telephone Company assuming the unusual costs of providing the necessary construction, the customer may be required to pay all or a portion of such costs and to contract for the service for a sufficient period to warrant the construction, depending upon the circumstances in each case.

CITIZENS BUSINESS/RESIDENCE LINE 800 SERVICE (continued)

LIMITATIONS OF SERVICE

A1 Dial type telecommunications associated with a CITIZENS BUSINESS/Residence Line 800 Service access line are calls dialed and completed without the assistance of a Telephone Company operator, except that a Telephone Company operator will:

- Reestablish a call which has been interrupted after the called number has been reached, or
- Reach the called telephone number where facilities are not available for customer dial completion.

A2 The Company does not undertake to transmit messages but offers the use of its facilities for communications between customers. CITIZENS BUSINESS/Residence Line 800 Service does not include calling to or from stations not within the same LATA, person-to-person, collect, conference or other calls requiring operator handling except as provided in the preceding.

A3 Connection to Other Services

B1 CITIZENS BUSINESS/Residence Line 800 Service is not represented as adapted for connection to other services of the Company, facilities of OCCs, or to customer-provided facilities. Connections of communications systems provided by the customer may be made; however, the Telephone Company will not be responsible for the through transmission of signals or for the quality of transmission on such connections. The service contemplates the provision of satisfactory transmission only between the access line and the called or calling station.

B2 Regulations for the facilities used to connect customer-provided terminal equipment or customer-provided communications systems are set forth in Schedule No. AC, Rule No. 11 of the General Exchange Tariff.

A4 Obligation of the Customer

B1 The agents and employees of the Telephone Company shall have the right to enter the premises of a customer at any reasonable hour for the purpose of installing, inspecting or repairing the services of the Telephone Company or upon termination of the service, for the purpose of removing such services.

B2 The Telephone Company undertakes to maintain and repair the facilities which it furnishes to customers. The customer shall be responsible for damages to facilities of the Telephone Company caused by negligence or willful act of the customer or authorized users. The customer or authorized user may not rearrange, disconnect, remove or attempt to repair, or permit others to rearrange, disconnect, remove or attempt to repair any equipment installed by the Telephone Company except upon written consent of the Telephone Company.

B3 The customer is responsible for providing a suitable supply of commercial power, including outlets, when and where required by the Telephone Company for the operation of any equipment on the customer's premises.

B4 The customer is required to reimburse the Telephone Company for any loss through theft of the equipment or apparatus on the customer's premises.

A5 CITIZENS BUSINESS/Residence Line 800 Service is furnished upon the condition that the customer obtain adequate service to permit its use without creating excessive overflows and incompletions or otherwise interfering with this or any other service rendered by the Telephone Company. The Telephone Company, without incurring any liability, may terminate or refuse to furnish CITIZENS BUSINESS/Residence Line 800 Service to any customer who fails to comply with said conditions, subject only to provisions in Schedule No. AC, Rule No. 3, A12 of the General Exchange Tariff, Discontinuance of Service.

A6 Use of the Service

- B1 CITIZENS BUSINESS/Residence Line 800 Service is provided for use by the customer and may be used by others, when so authorized by the customer, providing that all such usage shall be subject to the provisions of this tariff.
- B2 Orders, including those installing, rearranging, or discontinuing service, will be accepted by the company only from the customer.
- B3 The customer subscribing to CITIZENS BUSINESS/Residence Line 800 Service is responsible for its use and for the payment of all charges in connection therewith and shall exercise such control as may be necessary to ensure that it is not improperly used.

A7 Cancellation for Cause

The regulations set forth in Schedule No. AC, Rule No. 3 of the General Exchange Tariff apply when appropriate.

APPLICATION OF MONTHLY RATES AND CHARGES

A1 Timing of Calls

- B1 Chargeable time begins when a connection is established between a station associated with the CITIZENS BUSINESS/Residence Line 800 Service line and the calling station.
- B2 Chargeable time ends when the calling station "hangs up" thereby releasing the network connection. If the called station "hangs up" but the calling station does not, chargeable time ends when the network connection is released by automatic timing equipment in the telecommunications network.

A1 Timing of Calls (continued)

B3 When CITIZENS BUSINESS/Residence Line 800 Service is directly connected at customer's premises to a communications system, chargeable time begins when the call terminates in or passes through the first multiline terminating system or terminal equipment on that communications system. It is the customer's responsibility to furnish appropriate answer supervision to the point of connection with the CITIZENS BUSINESS/Residence Line 800 Service so that the chargeable time may begin.

B4 All messages completed in one billing period through CITIZENS BUSINESS/Residence Line 800 Service will be bulk billed a minimum of 30 seconds per message.

A2 The minimum service period for CITIZENS BUSINESS/Residence Line 800 Service is one month.

A3 Usage is subject to a Minimum Average Time Requirement (MATR) of 30 seconds per completed call in each rate period for each billing period. This means that if the average duration per call in any rate period during each billing cycle is less than 30 seconds, billing will be based on an average duration of 30 seconds per call.

A4 The monthly charges for CITIZENS BUSINESS/Residence Line 800 Service are determined as follows:

B1 Determine the total number of calls for each CITIZENS BUSINESS/Residence Line 800 Service number.

B2 Determine the equivalent hours rounded to the nearest tenth used by applying the MATR as described in A3 preceding.

B3 Determine total actual hours used, rounded to the nearest tenth of one hour.

B4 Determine the chargeable hours which is the greater of B2 or B3.

B5 Multiply the chargeable hours by the usage charge shown in Usage Charges - A1, rounded to the next highest cent.

CONDITIONS

A1 OUTWATS Message Detail is an arrangement furnishing message detail information pertaining to a customer's outward WATS line(s) and is not represented to be a duplicate of regular WATS billing.

This service will be available where the WATS services are provided through intercompany arrangements and when Mountain Bell provides the WATS bill/accumulation function, and where facilities and operating conditions permit.

A2 Media may be provided in a combination of arrangements; i.e., magnetic tape and paper printouts. The alternative arrangement(s) will be charged for at the appropriate rate per message. In the case of magnetic tape, the magnetic tape charge will also apply.

A3 Message detail consists of call-by-call records from the customer's Outward WATS lines. The call detail records include:

- Date
- WATS billing number
- Length of call
- To number
- From number
- Revenue accounting code
- Time of day

A4 Advance notice of ten business days prior to the end of the WATS billing period is required for preparation of the data.
