**Re: *Interconnection Agreement between Union Telephone Company, Inc. and AT&T Mobility; Docket No. 21-054-02***

Dear Ms. White,

On November 23, 2021, Union Telephone Company, Inc. (“Union”) filed with the Public Service Commission (PSC) an agreement for interconnection (“Agreement”) between Union and AT&T Mobility (“AT&T”). The proposed Agreement establishes the methodology for the exchange of and compensation for Traffic originated on the network of one Party, terminated on the network of the other Party and exchanged via direct interconnection facilities, or exchanged indirectly through the transit service of a third-party telecommunications carrier. This Agreement also establishes the methodology for the exchange of AT&T transit traffic.

On December 1, 2021, the Division of Public Utilities (DPU) filed comments recommending the PSC acknowledge receipt of the Agreement.

There being no recommendation opposing the Agreement, the PSC acknowledges that consistent with 47 U.S.C. § 252(e), the Agreement is deemed approved, effective February 21, 2022.

Sincerely,

/s/ Gary L. Widerburg

PSC Secretary
