This filing proposes to delete all remaining Calling Card and Travel Services. These revisions will remove all Calling Card and Travel services and references to those cards and services. With the availability of newer technologies, products, and services, calling card services and services such as Home 800 have been rendered obsolete. In addition, the platforms and equipment used to provision these services have reached the end of their lifespans and can no longer be maintained.

Customers have received notice that these services have reached end of life, and the appropriate FCC 214 application has also been filed and approved.

Should you have questions or need additional information regarding this filing, please contact me at (303) 992-5838 or via email.

Sincerely,

Marla Hazlett
