Re: *Direct Communications Cedar Valley, LLC's Proposed Tariff Revisions*; Docket No. 21-2419-T01

Dear Mr. Rutkowski,

The Public Service Commission (PSC) has reviewed Direct Communications Cedar Valley, LLC's ("Direct") proposed revisions to Page Nos. 30, 31, and 32 of its Utah P.S.C. No. 3 Tariff ("Tariff"), transmitted on May 28, 2021. The purpose of this filing is to comply with Federal Communications Commission amended rules that implement 8YY access charge reform.¹ This reform requires all rate-of-return incumbent local exchange carriers to modify originating 8YY rates in the following groups: End Office/Local Switching, Transport, and Query Charge. Direct requests an effective date of July 1, 2021 for these changes.

The PSC also reviewed the comments of the Division of Public Utilities (DPU) filed on June 8, 2021. DPU states it has no objections to the proposed changes and recommends the PSC approve Direct's proposed revisions to the Tariff with the requested effective date. According to DPU, the proposed Tariff revisions bring Direct's rates to the levels required by the FCC's 8YY Access Charge Reform Order.

Based on the PSC's review of Direct's filing and DPU's comments and recommendation, the PSC approves Direct's proposed revisions to its Tariff, as filed, effective July 1, 2021.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
