Dear Mr. Widerburg:

Lingo Communications, LLC (“Transferor” or “Lingo”), Matrix Telecom, LLC (“Matrix” or “Licensee”), and B. Description of the Transaction

In Docket No. 19-2452-01, Transferor and Matrix notified the Commission of proposed changes in control of Matrix, including the transfer of indirect control of Licensee to Garrison LM LLC (“Garrison”) upon the occurrence or non-occurrence of certain events relating to the repayment of debt. The proposed indirect change in control of Licensee to Garrison was not consummated due to circumstances beyond the parties’ control, and the instant Transaction is intended to replace the Garrison transaction. To effectuate this change, Transferee, Lingo Management, and Licensee have entered into the following agreements:

First, Transferee’s affiliates have agreed to acquire the outstanding debt of Lingo Management and its subsidiaries from Garrison, and those financing arrangements are reflected in the Amended and Restated Credit and Guaranty Agreement with BRF Finance Co., LLC (an affiliate of Transferee), dated as of November 30, 2020 (“Credit Agreement”).

Second, Transferee has the right to appoint two members of the operating board of Lingo Management pursuant to a Second Amended and Restated Operating Agreement of Lingo Management, LLC dated as of November 30, 2020 (“Second Operating Agreement”). As

explained in Docket No. 19-2452-01, the previous operating board of Lingo Management consisted of five members with (x) Garrison designating two members, one of whom served as an independent manager, (y) Lingo designating two members, one of whom served as an independent manager, and (z) the Chief Executive Officer of Lingo Management serving as the fifth member. Under the Second Operating Agreement, the Transferee-designated members replaced the existing Garrison members, one of whom will serve as an independent manager. The new operating board of Lingo Management consists of four members, with the remaining two members to be designated by Lingo, one of whom will serve as an independent manager.

Third, pursuant to the terms of an Issuance Agreement between Transferee, Lingo Management, and Lingo dated as of November 13, 2020 (“Issuance Agreement”), Transferee acquired a forty percent (40%) interest in Lingo Management (and an indirect interest in Licensee). In connection with this acquisition, Transferee granted an irrevocable proxy to Lingo to vote (or cause to be voted) the shares held by Transferee in excess of nine point nine percent (9.9%) of the interests of Lingo Management. This irrevocable proxy continued until receipt of certain regulatory approvals. Transferee’s interest will increase to an eighty percent (80%) voting interest in Lingo Management upon the receipt of additional regulatory approvals. Once all steps of the Transaction are consummated, Lingo will hold a twenty percent (20%) voting interest in Lingo Management and Transferee will hold an eighty percent (80%) interest in Lingo Management (with both holding corresponding indirect interests in Licensee). In addition, once Transferee’s interest increases to eighty percent (80%), the operating board of Lingo Management will increase to five members, with Transferee appointing three members, one of whom will serve as an independent manager. The remaining two members of the Lingo Management operating board will continue to be appointed by Lingo, one of whom will serve as an independent manager.

No assignment of licenses, certificates of public convenience, assets, or customers will occur as a consequence of the proposed Transaction. The proposed Transaction also will not trigger a change in the rates, terms, and conditions under which Licensee provides service to its existing customers. The Transaction will be transparent to Licensee’s customers.

Accordingly, the Parties notify the Commission of the proposed changes in control of Lingo Management and Licensee triggered by the Issuance Agreement. For the Commission’s reference, **Exhibit A** depicts the current control structure of Lingo Management and Licensee, and the control structure of Lingo Management and Licensee after the proposed changes in control occur.

Public Interest Considerations

The Parties submit the Transaction is in the public interest. The Transaction will have no adverse impact on customers and will not alter the manner of service delivery or billing. The Transaction will not result in any immediate change of carrier for customers or any assignment of authorizations, and in no event will it result in the discontinuance, reduction, loss, or impairment of service to customers. Following consummation of the Transaction, Licensee will continue to provide high-quality communications services to its customers without interruption.

Customers will benefit from the financial resources and telecommunications experience and expertise of Transferee, which holds other investments in the communications sector. The financial, technical, and managerial resources that Transferee will bring to Licensee are expected to enhance Licensee's ability to compete in the telecommunications marketplace. Further, the proposed Transaction will not adversely affect competition because it will not result in a reduction of competitors and customers will continue to have access to the same competitive alternatives they have today. The Transaction will not harm consumers or negatively impact the telecommunications market in Utah.

Please do not hesitate to contact us if you have any questions regarding this submission.

Respectfully submitted,

/s/ Bennett L. Ross
