BEFORE THE UTAH PUBLIC SERVICE COMMISSION

| In the Matter of the Application of EXTENET ASSET ENTITY, LLC for a Certificate of Public Convenience and Necessity to Provide Resold and Facilities-Based Public Telecommunications Services within the State of Utah | Docket No. 21-2628-01 MOTION TO DEVIATE |
|--|--|

ExteNet Asset Entity, LLC (Applicant), through its undersigned counsel, hereby moves the Public Service Commission of Utah for permission to deviate from the electronic filing requirement set forth in Utah Admin. Code R746-1-203. In support of this Motion, Applicant states as follows:

Applicant is filing concurrently with this Motion an Application for a Certificate of Public Convenience and Necessity to Provide Resold and Facilities-Based Public Telecommunications Services within the State of Utah (“Application”). Counsel’s law firm has had a recent change in personnel and does not have a person currently authorized to submit documents through the State of Utah’s secure file transfer protocol server. Applicant therefore requests permission to file paper copies of the confidential information accompanying the Application.

Pursuant to Utah Admin. Code R746-1-109(2), Applicant attests that because filing and service through the SFTP server is not possible in this case, the rule imposes a hardship that outweighs the benefit(s) of the rule.

Wherefore, Applicant requests that the Commission permit it to deviate from the electronic filing requirements as described above.

Respectfully submitted this 6th day of April, 2021.
