**Re: Electric Lightwave, LLC dba Allstream Number Waiver Request for 385 NPA, Salt Lake City Rate Center**

Dear Commission Administrator:

By this letter Electric Lightwave, LLC dba Allstream (“Allstream”) respectfully requests that the Public Service Commission of Utah (“Commission”) grant a waiver (safety valve request) of the numbering exhaust requirements outlined in the FCC’s Numbering Resource Optimization Orders, FCC 00-429 and FCC 01-362 released in CC Docket No 99-200, which would allow the Number Pooling Administrator to open and assign one thousand (1000) sequential numbers in the range of [REDACTED] to meet the needs of a specific customer.

Allstream does not have 1000 numbers within the same 385 NPA, which is why this request is for two blocks. The customer request has been provided with this letter as Attachment A. This document is confidential due to proprietary network information. A redacted copy is also provided.

The 385 NPA is forecast to exhaust in the 3rd quarter of 2031. There is no NXX in the 385 NPA and 0 blocks available in the PA pool inventory for the Salt Lake City Rate Center that meet our Customer’s request.

In our effort to satisfy the customer’s request, Allstream submitted a request on 8/30/22 for additional numbering resources. Allstream is unable to meet the customer’s request with its current inventory, but our pooling request was denied as we do not meet the Months to Exhaust requirements. Allstream’s application (Attachment B) and the subsequent denial (Attachment C) have been provided. In order for the request to be approved, Allstream will require a waiver of Months to Exhaust requirements (Attachment D).

The FCC allows for a waiver of the rules when there is a demonstrated need such as a specific customer request for a large block of numbers. The waiver process is specifically addressed in the FCC Third Report and Order (“Order”) as the “safety valve” process (See FCC 01-362, ¶¶ 57-66), which went into effect on March 14, 2002. The order delegates the authority to hear claims for waivers to the state commissioners.

Allstream respectfully requests that the Commission approve the request for a waiver of Months to Exhaust requirements and direct the Pooling Administrator to assign two 1000 sequential number blocks in the 385 NPA Salt Lake City Rate Center to accommodate our customer’s request.
