**Re: Docket No. 20-2500-01
Notification Regarding the Proposed Transfer of Indirect Control of ENA Healthcare Services, LLC to Zayo Group, LLC**

Dear Secretary Widerburg:

Commodore Intermediate Holdco, LLC (“Transferor”), ENA Healthcare Services, LLC (“Licensee”), and Zayo Group, LLC (“Transferee”) (collectively with Transferor and Licensee, the “Parties”) notify the Utah Public Service Commission (“Commission”) of proposed changes in control of Licensee, including the transfer of indirect control of Licensee to Transferee.

The Parties submit this notification pursuant to Utah Code § 54-8b-3.4. Specifically, Licensee is exempt from the requirements of Utah Code Ann. § 54-4-29 because it is a competitive entrant and does not receive high-cost support from the Utah Universal Public Telecommunications Support Fund. *See* Utah Code §§ 54-8b-3.4(1)(a)(i) & 54-8b-3.4(2). Therefore, the Parties need only submit notice of the Transaction (as defined below) prior to its completion. Utah Code § 54-8b-3.4(1)(b).

In support of this filing, the Parties provide the following information:

Description of the Transfer of Indirect Control

Pursuant to an Equity Purchase Agreement, dated February 25, 2022, by and among Transferor, Holdco and Transferee, Transferee will purchase from Transferor all of the issued and outstanding limited liability company interest of Holdco, and thereby Transferee will acquire indirect control of ENA and Licensee (the "Transaction"). For the Commission's reference, diagrams depicting

the current and post-Transaction corporate ownership structures of Licensee are provided as **Exhibit A**.

Public Interest Considerations

The proposed Transaction will serve the public interest, convenience, and necessity. The ENA OpCos will continue to serve schools, libraries, and rural healthcare providers and Zayo will continue to serve its customers and to build and operate telecommunications facilities across the United States. ENA OpCos will have access to Zayo's state-of-the-art fiber networks and scale, allowing ENA OpCos to reduce costs and increase efficiency. ENA OpCos also will have access to Transferee's financial and operational expertise. This access to Zayo's network and expertise will improve the ENA OpCos' ability to compete in the telecommunications marketplace.

The proposed Transaction will have no adverse impact on customers of the Licensee or Zayo and will be transparent to customers in terms of the service they now receive. Moreover, the Licensee will continue to provide service pursuant to existing contracts and tariffs, as applicable, subject to change in the ordinary course of business and in accordance with applicable law. Under the Transaction, the only change immediately following the consummation of the Transaction from a consumer's perspective will be the new upstream ownership of the Licensee.
